Section 286.0105, Florida Statutes states that if a person decides to appeal any decision made by a board, agency, or commission with respect to any matter considered at a meeting or hearing, he will need a record of the proceedings, and that, for such purposes, he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

In accordance with the Americans With Disabilities Act of 1990, persons needing a special accommodation at this meeting because of a disability or physical impairment should contact Sarah Tirado at 455 N. Garland Ave, Orlando, FL 32801 (407) 841-2279, extension 6012, not later than three business days prior to the meeting. If hearing impaired, contact LYNX at (407) 423-0787(TDD).

---

**Members in Attendance:**

City of Orlando, Mayor Buddy Dyer, Chairman  
Orange County, Mayor Teresa Jacobs, Secretary  
Seminole County Commissioner, Carlton Henley  
Osceola County Commissioner, Frank Attkisson  
FDOT District 5 Secretary, Noranne Downs

**Members Absent:**

---

---

**1. Call to Order and Pledge of Allegiance**

The Chairman, Mayor Buddy Dyer, called the meeting to order at 1:04 p.m. Chairman Dyer asked Commissioner Frank Attkisson to lead the Pledge of Allegiance.

The Chairman welcomed Osceola Commissioner, Frank Attkisson, to LYNC' Board of Directors.

The Chairman provided that Commissioner Attkisson currently serves as Chairman of the Osceola County Board of County Commission. Commissioner Attkisson has also served as Mayor and Commissioner of the City of Kissimmee. He was elected to the Florida House of Representatives in 2000 and served the eight years allowed under term limits.

Commissioner Attkisson's extensive knowledge of transit in the Central Florida Region and the needs of Osceola County will ensure that transportation is available as a mode of choice.

**2. Approval of Minutes**

**Motion** was made and seconded to approve the Minutes of the November 8, 2012 Board of Directors. The Motion passed unanimously.

### **3. Recognition**

The Chairman recognized Donna Tefertiller, Director of Human Resources, to present LYNX employee recognitions.

#### **20 Years of Service:**

Charlie Elmore, Bus Operator  
Jack Etienne, Bus Operator  
Ismael Gonzalez, Bus Operator  
Victor Perez, Bus Operator

### **4. Public Comments**

Joanne Counelis addressed the Board in support of 24 hour service 7 days a week including holidays and weekends.

Margo Wright addressed the Board regarding the improvement of route connections. Ms. Wright requested that operators' customer service attitude be addressed,

The Chairman stated that it is the Board's goal that customers be treated with dignity and that they receive a quality customer experience.

Patrick Foote addressed the Board regarding Florida HB 117, Rental Car Surcharge.

### **5) Chief Executive Officer's Report**

The Chairman recognized John Lewis, Chief Executive Officer.

Mr. Lewis announced that applications will be accepted from February 18 – March 29 for the 12<sup>th</sup> annual Public Service Bus. To be eligible, applicants must be a non-profit organization based in Orange, Osceola or Seminole County, have an operating budget for less than \$1 million dollars, and proof of 501C(3) status. Eight organizations will be selected through a random drawing. The selected organizations can display a logo and / or art work on LYNX' Public Service Bus. Over the next year, LYNX' Public Service Bus provides the organizations free advertising throughout its service area.

Mr. Lewis reported that LYNX' ridership continues on an increasing trend. For the last three years, the highest ridership totals from the year have been broken. While the goal of 30 million was not reached in FY2012, the first quarter of FY2013 is 4% above the first quarter of last year.

LYNX has its first group of gently used Articulated vehicles. Over last summer, the Board discussed the challenges of overcrowded routes and to alleviate some of the overcrowding, approved the purchase of these vehicles by utilizing reserves. By utilizing Artic vehicles, LYNX' operations is more efficient. The Artic vehicles can accommodate almost twice as many passengers for the same operating cost. Two of the vehicles are currently being retrofitted and brought up to LYNX' standards by the maintenance crew and anticipate the delivery of two more in May.

Due to the continued increase in ridership, LYNX' operating revenues are outperforming the budget estimates. The fares are 112% of the budget estimates. However, the expenses for the first quarter are higher than budget due to higher than anticipated operator retirements. LYNX' Human Resources and Operations are working to increase recruitment efforts. Staff will continue to monitor the situation to ensure overtime use stays within budget over the long term.

Fuel costs are approximately 2% under budget with the average price per gallon is \$3.10. This price is locked in and the budgeted cost was \$3.17. The national average for fuel during the first quarter was \$3.63 per gallon. The fuel hedging program is providing budget stability.

Last year, our Advertising revenue was close to beating our highest revenue year of 2008 with \$1.7 million in sales. The first quarter of this year, we have reached \$500,000 in sales. The revenue from Advertising contracts is rebounding and LYNX is looking forward to continue raising revenues from this source.

## **6. Consent Agenda**

### **A. Release Requests for Proposal (RFP)**

- i.** Authorization to Release a Request for Proposal (RFP) for the Printing of Bus Passes
- ii.** Authorization to Release a Request for Proposal (RFP) for Heavy Duty Transit Buses
- iii.** Authorization to Release a Request for Proposal (RFP) for Workers' Compensation Software and Medical Management Program
- iv.** Authorization to Release a Request for Proposal for a Fall Protection System
- v.** Authorization to Release Requests for Proposal (RFP) for FlexBus Capital Components and for an Operating Vendor

### **B. Invitation for Bid (IFB)**

- i.** Authorization to Release an Invitation for Bid (IFB) for Pressure Cleaning Services for LYNX Central Station and Transfer Centers

### **C. Award Contracts**

- i.** Authorization to Award a Contract to West Construction Inc., in the amount of \$798,103 for the Construction of the Kissimmee Transfer Center
- ii.** Authorization to Award a Contract to PCL Construction for the Rehabilitation of the Existing LYMMO Stations
- iii.** Authorization to Negotiate and Award Contract(s) for Computer Servers
- iv.** Authorization to Award a Three (3) Year Contract with Two (2) One (1) Year Renewal Options to Bank of America for Banking Services
- v.** Authorization for the Chief Executive Officer (CEO) or Designee to "Piggyback" Off the Osceola County School District Contract with ARMARK Uniform & Career Apparel, LLC for Employee Uniforms, Shop Supplies and Floor Mats
- vi.** Authorization to Award a Contract to Baker Hostetler LLP for Labor/Employment Legal Services
- vii.** Authorization to Award a Contract to A & Z General Cleaning Services, Inc. for Janitorial Services

**D. Extension of Contracts**

- i.** Authorization to Award an Extension of Contract #09-C04 with Solantic (CareSpot) for Occupational Health Services
- ii.** Authorization to Award an Extension of Contract 09-C29 for General Liability Legal Services
- iii.** Authorization to Award an Extension of Contract 09-C27 for Workers Compensation Legal Services
- iv.** Authorization to Award an Extension of Contract 09-C28 for General Liability Legal Services

**E. Miscellaneous**

- i.** Authorization to Initiate the Public Participation Process for Consideration of Proposed Service Efficiency Changes for April 14, 2013
- ii.** Authorization to Ratify Purchase of Service Agreement with the City of Winter Springs for Paratransit Services
- iii.** Authorization to Ratify the Submittal of Grant Applications with the Florida Department of Transportation (FDOT) for FY 2013/14 Solicitations for Rural and Small Urban Job Access Reverse Commute (JARC) and New Freedom (NFP) Projects and the Authority to Execute Agreements Upon Notification of Awards
- iv.** Authorization to Amend the Amalgamated Transit Union (ATU) 1596 Pension Plan Under Amendment #6 for the Re-definition of Disability
- v.** Authorization to Amend the Amalgamated Transit Union (ATU) 1596 Pension Plan Vesting Interest Rate
- vi.** Authorization to Purchase Twelve (12) Hybrid Electric or Diesel Expansion Buses for SunRail Feeder Service
- vii.** Authorization to Execute First Amendment to Bus Service Agreement between LYNX and University of Central Florida (UCF) Adding Service from UCF Campus to Downtown Orlando
- viii.** Authorization to Issue a Purchase Order in the Amount of \$852,396 to First Class Coach Sales Under the Florida Department of Transportation's (FDOT) Florida Vehicle Procurement Program's (TRIPS) State Contract #TRIPS-11-CA-FCCSC for Twelve (12) Paratransit Replacement

**Motion** was made and seconded to approve the Consent Agenda Items 6.A.i through 6.E.vii. The Motion passed unanimously.

**8. Action Agenda**

**A. Adoption of LYNX' 2013 Legislative Priorities**

The Chairman recognized J Marsh McLawhorn, Chief Government Affairs Officer, to make the presentation.

Mr. McLawhorn noted that staff is requesting the Board of Directors' approval of the 2013 legislative agenda:

➤ Support

- Legislation to enable all Florida colleges to establish Transportation Access Fees

In 2011, Santa Fe College passed legislation to allow their student activity and service fees to fund public transportation to their campus.

LYNX supports transportation parity at all state colleges and seeks to expand this transit tool in our region.

- Local Option Rental Car Surcharge

LYNX' Board of Directors supports an additional Local Option Rental Car Surtax which would remain within the region of origin to fund LYNX, SunRail, local roads and bike projects. The surcharge would not apply to the lease or rental of a motor vehicle by a person who owns a vehicle in need of maintenance or repair.

- Defining Regional Transit Authorities (RTA's) as Critical Infrastructure Facilities

Critical infrastructures are defined as Electrical Grids, Oil and Gas Production and Storage, Water Supplies, First Responder Emergency Services, Banking and Finance, Telecommunication systems and Government Services.

Public Transportation systems also represent targets for terrorist activities to the traveling public and deserve the same protection for the traveling public.

LYNX' Board of Directors support placing multi-jurisdictional RTA's into the definition of Critical Infrastructure in keeping with the TSA

- The Existing Coordinated System for Access LYNX Para-Transit Service

Medicaid Reform Legislation passed in 2011 shifts non-emergency transportation from AccessLYNX to HMOs. Such changes may reduce the State budget, but would increase locally funded costs as a direct result of the federally mandated ADA trips not being offset by the revenue produced by Medicaid trips.

LYNX seeks language that the Agency for Health Care Administration directs HMO's to purchase transportation services through the Community Transportation Coordinator at the rate indicated by the Florida Commission for the Transportation Disadvantaged.

- Protect Transportation and TD Trust Funds

LYNX supports eliminating diversions of state transportation tax dollars to finance other general purpose governmental functions.

The state gas tax is collected from motorists to improve and maintain transportation in Florida. Diverting these tax dollars away from the Transportation Trust Funds impacts local work plans resulting in the deferral or deletion of transportation and road projects.

- LYNX will continue to
  - ✓ Monitor transportation-related legislation to ensure transit efforts are not negatively influenced
  - ✓ Support legislative priorities of partner organizations that are consistent with the direction of the LYNX Board of Directors

Discussion ensued regarding the legislative agenda items: Rental Car Surcharge and Medicaid Reform.

Discussion ensued regarding weekly updates during the Legislative Session. Each Board member requested Mr. McLawhorn provides weekly updates to keep them apprised of legislation of interest to LYNX and individual member governments.

**Motion** was made and seconded approving the 2013 Legislative Priorities. Motion passed unanimously.

**Motion** was made and seconded to reconsider the approval of the 2013 Legislative Priorities. Motion passed unanimously.

**Motion** was made and seconded to approve the 2013 Legislative Priorities excluding language that the Agency for Health Care Administration directs HMO's to purchase transportation services through the Community Transportation Coordinator at the rate indicated by the Florida Commission for the Transportation Disadvantaged. Motion passed unanimously

**B. Authorization to Enter into a Collective Bargaining Agreement Wage Re-opener with Amalgamated Transit Union (ATU) Local 1749**

The Chairman recognized John Lewis, Chief Executive Officer, to make the presentation.

Mr. Lewis stated that two years ago when LYNX entered into contract negotiations with both ATU Local 1596 and 1749, resolution was quickly reached with ATU Local 1749. ATU Local 1749 represents the Supervisors. For Fiscal Year 2012 the monetary change included a wage increase of 2%, effective November 20, 2011 and a wage reopener in years two and three, FY13 and FY14, respectively. Additionally, an effort was made to provide a separation between supervisors and operators and maintenance employees.

On November 9, 2012, Labor Negotiations took place with Management and ATU Local 1749. During this meeting, the monetary change included a wage increase of 2% for Fiscal Year 2013 effective October 1, 2012. There is a wage re-opener in year three.

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to enter into a collective bargaining agreement wage re-opener with the Amalgamated Transit Union (ATU) 1749 for fiscal year 2013.

**Motion** was made and seconded to authorize the CEO to enter into a collective bargaining agreement wage re-opener with Amalgamated Transit Union (ATU) Local 1749. Motion passed unanimously.

The Chairman asked for a moment to express the disappointment in the conduct of the Pension Board and the members of the Board representing the Union. There were representations and LYNX moved forward in discussions with them in good faith with the understanding that there would not be any chicanery at the Pension Board. He expressed that was not what is occurring and that it was very bad form and will be considered when LYNX moves into negotiations with ATU 1596 in the future.

Mr. Lewis noted that he had conveyed the sentiments of the Board and of the Chairman in regard to this item. For clarification, Mr. Lewis stated that the matter does not include members of ATU 1749 but it does include members of ATU 1596. However, Management will exercise all options in regard to bringing the item to a close as soon as possible.

**C. Authorization to Adopt LYNX' Reserve Policy**

The Chairman recognized Blanche Sherman, Director of Finance, to make the presentation.

Staff is requesting the Board of Directors' adoption of LYNX' Reserve Policy.

**Motion** was made and seconded to adopt LYNX' Reserve Policy. Motion passed unanimously.

**D. Authorization to Adopt LYNX' Funding Model for Allocation of Costs to Funding Partners in FY2014**

The Chairman recognized Blanche Sherman, Director of Finance, to make the presentation.

Ms. Sherman noted that based on discussions with the LYNX Board and County and City staff, LYNX is requesting to resume utilizing its funding model to allocate each jurisdiction's share of the costs of operations in FY2014.

Staff is requesting the Board of Directors' adoption of LYNX' Funding Model to allocate each funding partner's share of the costs of operations beginning with FY2014 and henceforth.

**Motion** was made and seconded to adopt LYNX' Funding Model for allocation of costs to Funding Partners in FY2014. Motion passed unanimously.

**E. Approval of the Chief Executive Officer's (CEO) Annual Appraisal**

The Chairman recognized Pat Christiansen, LYNX' General Counsel, to make the presentation.

Mr. Christiansen stated that at the November 10, 2010 Board of Directors' meeting, LYNX' governing Board selected Mr. John M. Lewis, Jr. as the agency's Chief Executive Officer (CEO). At the time of appointment the CEO was awarded a three year contract that included certain negotiated benefits and requirements for an annual performance and compensation review. Consistent with the employment agreement, the Chairman of the Board authorized General Counsel to coordinate with each Board member to initiate the Fiscal Year 2013 performance review.

The Chairman then stated that after receiving all members' evaluations, he interviewed Mr. Lewis. Based on the outcome of the evaluations and interview and in keeping with the increase provided to administrative employees, the Chairman recommended the following: the Board increase Mr. Lewis' salary 2% retroactive to October 1, 2011 and as with the administrative employees, a 2% salary increase retroactive to October 1, 2012.

**Motion** was made and seconded to approve the Annual Appraisal of the Chief Executive Officer (CEO) and approve a 2% salary increase for the CEO retroactive to October 1, 2011 and a 2% salary increase for the CEO retroactive to October 1, 2012. Motion passed unanimously.

**F. Adoption of Resolution #13-002 Appointing a LYNX Board of Directors' Representative on the MetroPlan Orlando Board of Directors**

The Chairman recognized Pat Christiansen, LYNX' General Counsel, to make the presentation.

Staff is requesting the Board of Directors appoint an Agency representative on the MetroPlan Orlando Board of Directors and adopt Central Florida Regional Transportation Authority (d/b/a LYNX) Resolution No. 13-002 arising from the resignation of Osceola County Commissioner, Brandon Arrington, from LYNX' Board of Directors.

**Motion** was made and seconded to adopt Resolution #13-002 appointing City of Orlando Mayor, Buddy Dyer as LYNX' Board of Directors' representative on the MetroPlan Orlando Board of Directors. Motion passed unanimously.

**G. Election of the FY2013 Board of Directors' Vice-Chairman**

The Chairman recognized Pat Christiansen, LYNX' General Counsel, to make the presentation.

Mr. Christiansen led a discussion of the Board of Directors for the election of Vice-Chairman arising from the resignation of Osceola County Commissioner, Brandon Arrington. The position shall exercise such powers and duties empowered within it as noted in Section 2.2 of Administrative Rule #2 – Board Governance (bylaws).

**Motion** was made and seconded to elect Osceola County Commissioner, Frank Attkisson, as Vice-Chairman of LYNX' FY2013 Board of Directors. Motion passed unanimously.

## **7. Other Business**

The Chairman recognized John Lewis, LYNX' Chief Executive Officer.

Mr. Lewis thanked LYNX Board for the continued support and confidence in his leadership.

The Chairman recognized Seminole County Commissioner, Carlton Henley.

Commissioner Henley spoke on a contractual matter between Seminole County and its contractor, Signal Outdoor Advertising. Under the agreement, Signal provided Shelters in Seminole County. The contract has expired. To continue the shelter program without a lapse in service prior to the next meeting of the Board of Directors, Commissioner Henley requested the Board authorize the Chief Executive Officer (CEO) or designee to enter into an Agreement, subject to the approval of LYNX' General Counsel, with Seminole County authorizing LYNX to undertake the activities associated with the Shelter program for the period of March 13, 2013 through April 11, 2013.

**Motion** was made and seconded to authorize the Chief Executive Officer (CEO) or designee to enter to an Agreement, subject to the approval of LYNX' General Counsel, with Seminole County authorizing LYNX to undertake the activities associated with the Shelter program for the period of March 13, 2013 through April 11, 2013. Motion passed unanimously.

## **8. Monthly Reports**

Monthly Reports are for review purposes only. No action is required.

**Meeting adjourned at 2:15 p.m.**

Consent Agenda Item #6.A. i

**To:** LYNX Board of Directors

**From:** Donna Tefertiller  
DIRECTOR OF HUMAN RESOURCES  
Brian Anderson  
(Technical Contact)

**Presented By:** Donna Tefertiller

**Phone:** 407.841.2279 ext: 6119

**Item Name:** Release Requests for Proposal (RFP)  
Authorization to Release a Request for Proposal (RFP) for Health Benefits Broker

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to release a Request for Proposal (RFP) for Employee Insurance Broker Services.

**BACKGROUND:**

In 2011 the LYNX Board authorized the services of an insurance broker to assist in the design and procurement of a lower cost benefits package that included medical, dental, vision, and optional ancillary insurance products for LYNX employees. A broker was obtained and LYNX successfully implemented a lower cost benefit program for FY2012.

Prior to the end of the 2012 medical year, the medical carrier proposed an increase of 27% for FY2013. The broker was crucial during rate renewal negotiations and was able to obtain a new medical provider in a short period of time that resulted in a 6.2% increase and added a third In-Network only plan which reduced the increase further to 3.67%. Dental insurance renewal called for an 8% increase due to utilization, but the broker was able to negotiate a 6% rate cap for year two.

**DISADVANTAGE BUSINESS ENTERPRISE (DBE) PARTICIPATION:**

This procurement is not funded with DOT assisted dollars, however, outreach efforts will be made to certified small businesses to make them aware of the procurement opportunity for this proposal.

## **FISCAL IMPACT:**

The fees incurred by insurance broker are included in the annual medical rates. The current broker, Gallagher, has a factor of 2% included in the 2013 medical rates in LYNX' Cigna contract.

Consent Agenda Item #6.B. i

**To:** LYNX Board of Directors

**From:** Edward Johnson  
GENERAL MANAGER  
David Burnett  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6058

**Item Name:** Invitation for Bid (IFB)  
Authorization to Issue an Invitation for Bid (IFB) for Motor Oil Bulk  
Delivery

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to issue an Invitation for Bid (IFB) for Motor Oil, 15W40, Bulk, Delivery. The resulting contract would be for an initial three (3) years with two (2) one year options.

**BACKGROUND:**

The current contract (#08-C17) was initially released for three (3) years with two (2) one year options. The second option year expires July 31, 2013. Staff would like to start the bid process to secure a firm price and quantity for bulk motor oil.

During fiscal year 2012 the fleet (revenue and non-revenue vehicles) used 21,612 gallons of oil. Fiscal year 2013 is trending towards 22,000 gallons. Staff needs a firm price and quantity for the next three (3) to five (5) years.

**Product/Application Table**

<b>Product</b>	<b>Application</b>	<b>Delivery/Unit of Measure</b>
15W40 Oil API CF-4	Series 50 Detroit Engines Cummins ISL Engines 2007 ZF HP 590 & 592 Automotive Engines F350 Hydraulic Systems	Bulk Capacity:  LOC = 2 - 500- gallon (Bldg.A) = 1 - 500 gallon (Bldg. C1)  55 gallon drums could be requested

**DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION:**

LYNX' procurement policies for service contracts require prime contractors to make good faith effort to subcontract a portion of the work to DBE firms. All bidders are encouraged to obtain DBE participation for subcontracting opportunities. The DBE Officer will work with the proposers to achieve participation.

**FISCAL IMPACT:**

LYNX staff included \$345,000 in the FY2013 Adopted Operating Budget to support the purchase of oils and lubricants for the fleet. In FY2012, LYNX expended \$344,936 on the purchase of oils and lubricants.

**Consent Agenda Item #6.B. ii**

**To:** LYNX Board of Directors

**From:** Daniel Healey  
DIRECTOR OF ENGINEERING  
Daniel Healey  
(Technical Contact)  
Jeffrey Reine  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6023

**Item Name:** Invitation for Bid (IFB)  
Authorization to Issue an Invitation for Bid (IFB) for Installation of Bus Shelters at LYNX Bus Stops

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to issue an Invitation for Bid (IFB) for the installation of LYNX Passenger Shelters and Related Amenities. The term of the Contract will be for three years from date of award with the option of two one year extensions.

**BACKGROUND:**

LYNX had previously awarded the installation of bus shelters and associated amenities to Barracuda Building Corporation, for a term of three years. Their contract is set to expire on October 16, 2013. Quantities are not guaranteed or binding upon LYNX.

The IFB covers the tasks of site demolition and preparation, traffic control, ground work, installation of concrete pads and installation of passenger shelters with associated site hardware. Prices are set as unit costs for each piece of work to be performed. LYNX will issue separate work orders for batches of site installations throughout the term of the contract.

LYNX has found that having a separate shelter manufacturing vendor from the installation vendor is the most appropriate means of procuring this type of service. Combining the two has been found by other transit agencies to unnecessarily increase the costs due to the fact that the manufacturer may not be in the same state as the installer and may not be familiar with associated rules and regulations regarding construction in the field. As such, LYNX has also included in this board package permission to go out to bid for the manufacture of said shelters.

LYNX has an annual goal of installing approximately eighty (80) shelters per year. The costs for installations will vary depending upon the size and location of the shelters to be installed. LYNX will negotiate and issue separate work orders for batches of site installations that will not exceed the total allocated per each budget year's allocated dollars.

**DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION:**

LYNX' procurement policies for service contracts require prime contractors to make good faith effort to subcontract a portion of the work to DBE firms. All bidders are encouraged to obtain DBE participation for subcontracting opportunities. The DBE Officer will work with the proposers to achieve participation.

**FISCALIMPACT:**

LYNX staff included \$594,000 for the annual shelter program installation cost and \$155,000 for shelter installations related to the SunRail service in the FY2013 Adopted Capital Budget. The total shelter installation budget is \$749,000 and 100% federally funded.

**Item Name:** Invitation for Bid (IFB)  
Authorization to Issue an Invitation for Bid (IFB) for Manufacturing of  
LYNX-style Bus Shelters

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to issue an Invitation for Bid (IFB) for the manufacturing of LYNX-style bus shelters. The term of the Contract will be for three years from date of award with the option of two one year extensions.

**BACKGROUND:**

LYNX currently has one vendor for manufacturing of what is referred to as the LYNX-style shelters, Spencer Fabrications, Inc. The purpose of soliciting for a shelter manufacturer is to replace the existing contracts when the term expires on September 30, 2013.

The shelter styles include the 15' x 15', 10' x 10' and 6' x 9' shelters with barrel shaped roofs, and the 6' x 13' shelter with an angled roof. Pictures of these shelters have been included at the end of this board item.

LYNX has found that having a separate shelter manufacturing vendor from the installation vendor is the most appropriate means of procuring this type of service. Combining the two has been found by other transit agencies to unnecessarily increase the costs due to the fact that the manufacturer may not be in the same state as the installer and may not be familiar with associated rules and regulations regarding construction in the field. As such, LYNX has also included in this board package permission to go out to bid for the installation of said shelters.

## **PROPOSED NEW EXPANSION:**

LYNX anticipates purchasing a minimum of twenty-five (25) shelters over the length of the contract or a maximum not to exceed one-hundred fifty (150) shelters.

## **DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION:**

LYNX' procurement policies for service contracts require prime contractors to make good faith effort to subcontract a portion of the work to DBE firms. LYNX' has determined a 1% participation goal. All bidders are encouraged to obtain DBE participation for subcontracting opportunities. The DBE Officer will work with the proposers to achieve participation.

## **PICTURES OF SHELTERS:**

**15 x 15 Shelter**

**10 x 10 Shelter**

6 x 9 Shelter

6 x 13 Shelter

**FISCAL IMPACT:**

LYNX staff included \$792,000 for the annual shelter program manufacturing cost and \$434,000 for shelter purchases related to the SunRail service in the FY2013 Adopted Capital Budget. The total shelter installation budget is \$1,226,000 and 100% federally funded.

**Item Name:** Extension of Contracts  
Authorization to Execute First Renewal Year of Contract with State Farm Mutual Automobile Insurance Company for Advertising Under the Road Ranger Contract

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to exercise the first year renewal of the contract with State Farm Mutual Automobile Insurance Company for advertising under the Road Rangers Program effective July 1, 2013 to June 30, 2014. State Farm will pay LYNX \$338,000 in sponsorship fees for the renewal period.

**BACKGROUND:**

The Road Ranger Program consists of 17 Road Rangers, 1 Supervisor and 13 trucks. The patrol coverage area encompasses 75 miles of I-4 beginning at the Champions Gate – Exit 58, Polk County line, through Exit 132, I-95 Daytona Beach area in Volusia County and operates Monday through Thursday from 6:00 a.m. to 12:00 a.m., and Friday through Sunday from 6:00 a.m. to 3:30 a.m.

At the August 21, 2008 Board meeting, the Board of Directors authorized the execution of a ten-month contract with the Florida Department of Transportation (FDOT) to continue the Road Ranger Assistance Program, effective September 1, 2008 and ending June 30, 2009, in the amount of \$717,209, which under-funded the program by approximately 50%. Additionally, the Board authorized LYNX to seek funding opportunities through advertising in an effort to make up some of the funding shortfall for the program.

Since the August 2008 Board meeting, LYNX entered into an advertising agreement with State Farm, pursuant to Administrative Rule 4.4.6, that provided enough funding to add additional trucks on the road, which increased the coverage on Interstate 4.

## LYNX Board Agenda

At the May 26, 2011, Board of Directors' Meeting, the Board authorized the current Sponsorship Contract between LYNX and State Farm. The initial term of the current Contract is from July 1, 2011 to June 30, 2013. The contract has two (2) one-year renewal periods.

### **FISCAL IMPACT:**

LYNX staff included the anticipated annual amount of \$338,000 in the FY2013 Operating Budget, which includes this extension.

Authorization to Execute First Option Year of Contract #10-C22 with  
ADARide.com for Paratransit Eligibility, Functional Assessment and Fixed  
Route Travel Training

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to execute the first option year of Contract #10-C22 with ADARide.com for paratransit eligibility, functional assessment and fixed route travel training.

**BACKGROUND:**

LYNX' Board of Directors approved Contract #10-C22 at its meeting May 26, 2010.

As a gatekeeping effort, LYNX contracts with ADARide.com to provide an independent third party review of paratransit eligibility, in-person functional assessment, and fixed route travel training. The review includes the use of licensed occupational therapist to determine the applicant's ability to access fixed route bus services. Where applicants are determined able to access fixed route bus services, they are referred to that mode and offered fixed route travel training, rather than providing more costly paratransit services.

LYNX receives approximately 13,000 applications for paratransit services annually. Of those, 41% are found to be unconditionally eligible, 35% are conditionally eligible, 18% are temporarily eligible, and 6% are denied paratransit eligibility.

**FISCAL IMPACT:**

LYNX staff included \$200,000 in the Adopted FY2013 Operating Budget for functional assessments and travel training. LYNX incurred \$113,987 in FY2012 for these related expenses.

Authorization to Ratify the Termination of Contract #12-C01 with  
Transportation America for Non-Core Paratransit Services

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' ratification of the termination of Contract #12-C01 with Transportation America for non-core paratransit services.

**BACKGROUND:**

Transportation America, the provider for the non-core paratransit services which operates between the hours of 6 p.m. and 4 a.m. and on Sundays, officially notified LYNX on January 7, 2013, requesting LYNX' consideration of a rate adjustment or termination for convenience.

LYNX had been in discussions with Transportation America since late July 2012 regarding various accommodations they requested as a result of significant losses they incurred during the first year of their contract. Some of those accommodations included requesting MV to utilize their services for overflow trips during the core hours to make better use of their employees and equipment during their off hours. These efforts began in early September 2012. Transportation America also requested to allow their vehicles to be fueled at the LYNX South Street facility to reduce the cost they were paying at the pumps, because LYNX' price per gallon is considerably lower. This effort began in September 2012, as well.

Transportation America came back to LYNX in October 2012 to inform us that their losses were in excess of \$600,000 in year one. They requested a change in their per trip rate or consideration to cancel their contract for convenience. Some of the suggestions discussed were relocating their operations to South Street because they were notified they had to vacate their leased facility by December 31, 2012; maintain their per trip rate from year one versus the reduced rate LYNX began paying them on October 1, 2012, per the contract; and roll their 28 vehicles into the program if we needed them or if we needed Transportation America to purchase additional vehicles. Without these accommodations, Transportation America's staff believed that they

would no longer be able to sustain their contract. Given these concerns, LYNX began discussions with MV Transportation to determine if they were willing to pick up the non-core paratransit services if Transportation America were allowed to terminate their contract.

The core paratransit services contract contains language that gives the core provider the ability to assume the non-core paratransit services.

LYNX began financial analysis of various options for Transportation America as well as a financial analysis if MV Transportation were to assume the non-core paratransit services.

In late November 2012, MV Transportation informed us they would be willing to pick up the non-core paratransit services for the same hourly rate as the core paratransit services, which is lower than their original bid for the non-core paratransit services. In early December 2012 discussions continued with Transportation America on an exit strategy. Because we were still in discussions, Transportation America was able to negotiate a month-to-month extension of their lease.

Transportation America was requested to provide their official request to LYNX in writing. Transportation America's letter was received on January 7, 2013. Transportation America provided two options: (1) allow them to receive their year one per trip rate for the remainder of the contract (three years, eight months) (currently \$28.72, versus the year one rate of \$34.08) and pay for all of their fuel or (2) termination for convenience and in turn would pay LYNX a mitigation amount of \$200,000.

After much discussion, LYNX determined that option one, if accommodated, would be a cardinal change to the contract terms and conditions and LYNX' best option, although more costly to LYNX, would be to mutually agree to terminate Transportation America's contract, accept the \$200,000 mitigation payment and enter into a contract amendment with MV Transportation to assume the non-core paratransit services pending Board approval.

### **FISCAL IMPACT:**

The annual budgetary impact to LYNX for year two of the contract is projected to be \$281,089, of which \$273,280 is related to rates being charged by Transportation America compared to the rate proposed by MV Transportation. The residual is related to higher trips than anticipated for the year. The budgetary impact for year two will be mitigated with the \$200,000 from Transportation America. The remainder, in the estimated amount of \$81,089, will be supported with the anticipated overall savings and/or reserves.

Upon approval, LYNX staff will amend the FY2013 Operating Budget, accordingly.

If the Board approves, MV Transportation to continue to provide the non-core services in years three, four, and five of the contract, the anticipated impact would be \$1,396,037 increase in cost for the last three years of the contract.

Confirmation of the Appointment of Stuart Boggs to the Position of Director of Planning and Development

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' confirmation of the appointment of Stuart Boggs to the position of Director of Planning and Development.

**BACKGROUND:**

In January 2003 the Governing Board adopted amendments to Administrative Rules 1 & 2 pertaining to the appointment of Executive Officers. The amendment defines "Executive Officer" positions as: Assistant Executive Directors; each Department Director, the Department Deputy Director, the executive Manager of Government Affairs, and any other officer serving in a position designated by the Board as an Executive Officer position. The amendment states that individuals appointed to an "Executive Officer" position by the Chief Executive Officer are subject to the approval of the Board.

**Item Name:** Miscellaneous  
Authorization to Ratify a Purchased Transportation Service Agreement  
with the City of Winter Springs for Paratransit Services

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization to ratify a Purchased Transportation Service Agreement with the City of Winter Springs for paratransit services, effective January 16, 2013.

**BACKGROUND:**

The City of Winter Springs provides recreational and meal programs to seniors within their jurisdiction. To provide additional outreach, the City desires to provide transportation services for approximately eleven (11) residents to their facility on Wednesdays, Fridays, and the last Sunday of each month. The City of Winter Springs is paying 100% for these services.

**FISCAL IMPACT:**

LYNX staff will amend the FY2013 Adopted Operating Budget in the amount of \$25,086 for these designated paratransit trips, appropriately. LYNX will provide these trips within the ACCESS LYNX program and charge the City of Winter Springs \$9.83 for each one-way passenger trip provided, less any fare collected. This rate was determined based on a productivity of three passenger trips per revenue hour.

**Item Name:** Miscellaneous  
Authorization to Reallocate LYNX American Recovery and Reinvestment Act (ARRA) Grant Funds

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or his designee to reallocate \$1,847,381 of unspent American Recovery & Reinvestment Act (ARRA) funds to offset FY2013 capital cost for contracting of Paratransit services. Additionally, if there are excess funds from other line items, the CEO has authority to reallocate those funds for existing Board approved projects, i.e., bus shelters. Upon Board approval, LYNX staff will amend the FY2013 Operating Budget to include the ARRA funding for unanticipated increased cost of LYNX Paratransit services.

**BACKGROUND:**

In 2009, LYNX received over \$29.5 million in ARRA Urban Area Formula funds to procure its capital items including revenue vehicles, facilities rehabilitation, shelters and stations, preventive maintenance and other capital and operating projects. ARRA funds were subject to lapsing September 30, 2015, per the legislation. In July 2012, the Federal Transit Administration (FTA), Region 4, notified LYNX that expenditures of ARRA funds must be accelerated and drawn by September 30, 2013 unless the FTA granted a waiver. In July 2012, LYNX requested to the FTA a waiver of the deadline that would allow us to complete the Mobile Fare Collection project by September 30, 2014. As of the date of this report, the FTA has not granted the extension requested. Only four projects remain active and must be completed before September 30, 2013.

On March 20, 2013, the FTA recommended LYNX work towards the September 2013 deadline and prepare a budget revision to reallocate the savings to projects that could be utilized quickly. Consequently, LYNX submitted a budget revision to the FTA for the reallocation of approximately \$1.8 million in savings to pay for FY 2013 capital cost of contracted paratransit services.

## LYNX Board Agenda

At the March 2012 Board Meeting, the Board authorized the CEO to transfer ARRA savings to selected projects. However, the contracted services project was not included on that list. Therefore, we are requesting that the CEO be authorized to reallocate funds that would be subject to lapsing to any ARRA eligible project to prevent losing those funds. LYNX will continue working with the FTA to make sure that we fully spend the remaining funds by the deadline.

### **FISCAL IMPACT:**

Upon FTA's approval, approximately \$1,847,381 in ARRA funds will become available to be funded under ARRA for capital cost of contracted paratransit services in FY2013 or other eligible ARRA projects that may be authorized by FTA.

**Authorization to Ratify a Budget Revision for the US 192 Alternatives**  
**Analysis Study**

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' ratification to increase the contract amount with Vanasse Hangen Brustlin, Incorporated (contract #12-C10) from \$950,000 to \$971,000 and the related FTA budget revision in the amount of \$21,000 for the US 192 Alternatives Analysis to fund the increase. In addition, LYNX staff is requesting approval to amend the FY2013 Adopted Operating Budget, accordingly.

**BACKGROUND:**

A system-wide operations and maintenance cost estimation model (O&M model) is required to develop, analyze and select alternatives for the US 192 Alternatives.

LYNX developed an operations and maintenance model in 2009. This model met the needs of the Authority at the time it was developed, however it is not sufficient to meet the needs of current projects underway such as FTA-sponsored alternatives analyses and the Comprehensive Operations Analysis. The model is now out of date, not consistent with current FTA Guidelines on the Development of Operating and Maintenance Costs, and does not include a method for estimating O&M costs for Bus Rapid Transit (BRT).

To meet the requirements of the US 192 AA and other projects in the future, the updated O&M cost estimation model must:

## LYNX Board Agenda

- 1) Be consistent with the base year (2010) and future forecast year (2030) for the US 192 AA study;
- 2) Be consistent with FTA Guidelines on the Development of Operating and Maintenance Costs;
- 3) Include cost factors for BRT-only elements such as the operation and maintenance of an off-board fare collection system (including proof of payment inspection on-board vehicles or at station platforms); the operation and maintenance of TSP/CAD-AVL and other passenger information systems that have ITS components; the operation and maintenance of dedicated lanes that will strictly be used by LYNX vehicles; and any differential costs expected for maintenance of the BRT station prototype over existing station facilities); and
- 4) Incorporate more current performance data in order to produce more refined results from variations in routes and headways.

### **FISCAL IMPACT:**

Upon Board approval, LYNX staff will amend the FY2013 Adopted Operating Budget to include the contract increase amount of \$21,000 supported by federal funds.

Authorization to Increase the Contract Amount with Apple One  
Employment Services and Manpower for Temporary Staffing Services

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Director's authorization for the Chief Executive Officer (CEO) or designee to increase the contract amount of \$360,000 with Apple One Employment Services and Manpower by an additional \$268,965.

**BACKGROUND:**

At the May 2012 Governing Board Meeting, the Governing Board approved a contract award in an aggregate amount not-to-exceed three hundred sixty thousand dollars (\$360,000) for three years with Howroyd Wright Employment Agency d/b/a: AppleOne Employment Services and JMark of Central Florida Inc., d/b/a Manpower Temporary Staffing Services.

Generally, LYNX uses temporary staff for annual year-end physical inventory count of fixed assets, occasional special projects, various administrative/clerical assignments, and to provide coverage to departments with vacant positions.

Recently, LYNX has experienced an increase in vacant professional-level positions especially in the departments of Procurement, Marketing, Human Resources, Finance and Planning. In an effort to maintain our preferred level of service for LYNX customers, temporary staff is used to provide sufficient coverage to these departments while their vacancies are being filled. On average, it takes 6 to 8 weeks to fill a professional-level position. Currently, 15 professional-level positions and 2 administrative/clerical positions are vacant in the organization

To date, \$293,123 is encumbered for temporary staffing. Funding for the additional dollars will be transferred from unexpended salaries resulting from vacant positions.

## **FISCAL IMPACT:**

LYNX staff included \$127,035 in the FY2013 Adopted Operating Budget for temporary help. The additional \$268,965 that could be expended in FY2013 would be covered by the salaries, wages, and fringe of vacant positions that were included in the FY2013 Adopted Operating Budget. LYNX staff expended \$252,601 in FY2012 for temporary help.

Authorization to Dispose of Items Accumulated Through the Lost and Found Process

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to retire, transfer, discard, donate, recycle or sell at public auction, surplus Lost and Found items such as: wallets, handbags, books, phones, key, backpacks, etc.

**BACKGROUND:**

It is LYNX' policy to hold an annual auction to dispose of Board approved surplus assets. A detailed listing of the items being auctioned is attached.

**FISCAL IMPACT:**

The net proceeds from this sale will be included in LYNX' non-operating revenue in FY2013.

Authorization to Upgrade Mentor On-vehicle Communications to Verizon  
3G/4G Service

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to purchase and install hardware from Mentor Engineering to convert the on-vehicle communications equipment to the Verizon 3G/4G network, and to amend the FY2013 Adopted Capital Budget, accordingly.

**BACKGROUND:**

Mentor Engineering (now Trapeze Group) installed modems and related equipment that utilizes Sprint's IDEN telecommunications network. Sprint has informed customers that the IDEN (NexTel) network will be removed from service in June 2013. LYNX will be required to upgrade to new equipment to continue to receive service.

LYNX has started to experience sporadic lack of communication with fixed route bus and paratransit CAD/AVL equipment as vehicles travel throughout our service area. While Sprint has not officially announced removal of IDEN equipment prior to the June 2013 date, LYNX has notice a lack of signal in some areas indicating that the infrastructure may no longer be available at some cellular towers. Sprint recommends upgrade to their 3G CDMA network; however they have not provided LYNX with a "sunset date" for the platform and LYNX is currently obtaining slow data speeds on that platform while using 3G CDMA cell phones. Additionally, Sprint is currently transitioning their 4G platform from the current WiMAX platform to a 4G LTE platform. Upgrading to the current Sprint WiMAX could result in LYNX having to change hardware again as the system changes to 4G LTE, while upgrading at this time to 4G LTE would result in hardware for a network not currently in operation.

# LYNX Board Agenda

Staff is working with Verizon to verify that the current and existing network is in place and that both fixed route and paratransit vehicles continue to receive signals throughout the service area. Verizon offers a government service rate that is comparable to the current Sprint rate. Verizon has provided LYNX with a planned “sunset date” for the service that is more than ten years in the future.

This upgrade would involve replacing the Sprint IDEN modems in the Mentor on-vehicle equipment with Verizon modems and replacing the existing IDEN compatible data antennae with 3G/4G compatible data antennae.

The cost for upgrade will be:

Description	Units	Unit Price	Extended Price
BBX Conversion to Verizon – Fixed Route	280	\$300	\$84,000
BBX Conversion to Verizon - Paratransit	160	\$300	\$48,000
BBX Conversion to Verizon - Supervisor	35	\$300	\$10,500
BBX Communications/Data Antenna – Fixed Route	280	\$49	\$13,720
BBX Communications Data Antenna - Paratransit	160	\$49	\$7,480
BBX Communications Data Antenna - Supervisor	35	\$49	\$1,715
Mentor Implementation Services	30	\$1,080	\$32,400
Mentor Project Management	6	\$1,080	\$6,480
Mentor Travel Expenses	9	\$3,000	\$27,000
Total:			\$231,295

## **FISCAL IMPACT:**

Upon Board approval, LYNX staff will amend the FY2013 Adopted Capital Budget in the amount of \$231,295 for the purchase and installation of on-vehicle hardware for the Mentor CAD/AVL.

**Authorization to Implement the External Social Media Policy**

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to implement the External Social Media Policy.

**BACKGROUND:**

LYNX recognizes that emerging online collaboration platforms are fundamentally changing the way individuals and organizations communicate. This policy is designed to offer practical guidance for responsible, constructive communications via social media for how the agency will manage its own channels.

The goal is to increase engagement while establishing and enforcing these principles.

**Policy:** External Social Media

**Approved By:**

**Issuing Dept:** Marketing Communications

---

**John M. Lewis, Jr.**  
**Chief Executive Officer**

**Effective Date:**

---

Central Florida Regional Transportation Authority's (LYNX') presence on social media platforms creates a forum for conversations about issues that are important to customers, funding partners, and the local community. Social media allows LYNX to share information beyond the conventional web experience. However, LYNX encourages anyone interested in more information to visit its official website, [golynx.com](http://golynx.com).

LYNX' use of social media is intended to encourage interaction between the user and LYNX. LYNX cannot verify or confirm the accuracy of user comments or their compliance with the guidelines outlined here. LYNX does not endorse any of the views in comments posted by users. Only social media postings, by Central Florida Regional Transportation Authority (LYNX), are considered the agency's official statement on a matter.

### **Additional Information**

Please note that the following inquiries should be directed to the appropriate LYNX department, rather than posted on our social media sites:

- For Planning a Trip – visit [golynx.com/plan-trip/trip-planner.stml](http://golynx.com/plan-trip/trip-planner.stml).
- For Maps and Schedules – visit [golynx.com/plan-trip/maps-schedules.stml](http://golynx.com/plan-trip/maps-schedules.stml).
- For Fares & Passes – visit [golynx.com/fares-passes/](http://golynx.com/fares-passes/).
- For Customer Service – contact 407-841-LYNX (5969) or [golynx.com/customer-service.stml](http://golynx.com/customer-service.stml).
- For Media Requests – contact 407-841-2279.

While LYNX makes every effort to respond to other relevant questions, concerns, or comments posted via social media channels, it is recommended that the patron contact the appropriate department directly, especially with critical or time-sensitive issues.

## **Purpose and Intent**

LYNX' social media sites are an opportunity for the agency to engage in dialogue with its customers and the general public. These sites are managed by LYNX employees and are not designed to include automated feeds. As such, information and responses will generally be provided during weekday office hours. While Twitter and Facebook may be utilized when appropriate and useful, service alerts and various changes within the transit area will be communicated on the official LYNX website: [www.golynx.com](http://www.golynx.com).

## **Public Records**

All communication via social media channels is considered public. Posts as well as any feedback from the general public will become part of public records and will be subject to applicable retention.

## **Use of User Content**

By posting content on LYNX' social media sites, the user agrees that LYNX may use such content for its own purposes, including but not limited to marketing materials, research and analysis.

## **Prohibited Content**

LYNX will not edit any publicly posted content. LYNX reserves the right, however, in its sole discretion to delete any posts which deem to be inappropriate, including, but not limited to, the following list:

- Obscene, profane and vulgar language.
- Spam or posts that include links to other sites.
- Clearly "off topic" comments.
- Content advocating illegal activity.
- Content promoting or opposing particular services, products, or political organizations and candidates.
- Content infringing on copyrights or trademarks.

Users who repeatedly post material that falls into any of the prohibited content categories will be banned from participating on any LYNX hosted social media sites.

LYNX takes public comments seriously and will consider all comments. Removal of data from a social media platform does not mean that the comments were not given appropriate consideration.

### **Availability**

LYNX' social media updates are subject to downtime that may be out of its control, because social media servers are managed by a third party. LYNX accepts no responsibility for the social media networks becoming unresponsive or unavailable.

### **Frequency**

The number of postings per day will vary. Social media postings can be expected regularly on weekdays 8 a.m. - 5 p.m. ET. Activity during holidays, after regular business hours, and on weekends will be less frequent. During a significant service disruption, you can expect postings to be issued regardless of time or day.

### **Following and Sharing**

LYNX will follow or like other social media pages, pages of local governments throughout Central Florida, and relevant state and federal agencies. LYNX may also follow or "like" organizations it has partnered with for specific efforts or whose work is relevant to its mission.

LYNX' decision to follow, "like" or subscribe to a particular social media page does not suggest or imply an endorsement of any kind.

LYNX content is also intended to be shared, and users are encouraged to share content it finds relevant or interesting.

## **facebook**

### **Content**

LYNX' official Facebook page is [facebook.com/golynx](https://facebook.com/golynx). People who follow or "like" LYNX' Facebook page can expect regular posts covering some or all of the following:

- Information about special events and free-ride promotions
- Updates on time-sensitive service updates
- Reminders about LYNX policies and procedures

- Alerts about impending route or schedule changes
- News releases and links to stories about LYNX happenings at [golynx.com](http://golynx.com)
- Information about public meetings
- Polls and opportunities to provide feedback on LYNX initiatives
- Shared content from other organizations that partner with LYNX

### **Shared Content**

LYNX may also occasionally share content from other Facebook users or websites it thinks may be of interest to its followers and that support LYNX goals. Links to other resources are provided solely for the convenience of users and are intended to point users to additional information that may add perspective for users.

### **Comment Policy**

While LYNX is excited to hear from its patrons, it's important to note that postings to the LYNX Facebook page are not representative of the opinions of LYNX, nor does it confirm accuracy of the postings.

It is LYNX' goal to share ideas and information with as many individuals as possible and policy to accept the majority of comments made to the profile. Please note LYNX reserves the right to, in its sole discretion, remove prohibited content of any and all posts.

Repeatedly posting prohibited content will be cause for banning the patron from participating on the LYNX official Facebook page.

### **Privacy**

LYNX' Twitter account is not an official website. It represents LYNX' presence on Twitter, a third-party service provider. Users are encouraged to read Twitter's privacy policy.

To protect one's own privacy and the privacy of others, do not include personal information in comments or other content you post.

## Content

LYNX' official Twitter account – [@lynxbusorlando](https://twitter.com/lynxbusorlando) – alerts customers to service changes, promotional activities and keeps followers up-to-date with LYNX happenings.

People who follow LYNX' Twitter account can expect regular posts (tweets) covering some or all of the following:

- Notification of special events and free-ride promotions
- Updates on time-sensitive service updates
- Reminders about LYNX policies and practices
- Alerts about impending route or schedule changes
- News releases and links to stories about LYNX happenings at [golynx.com](http://golynx.com)

## Retweets and Links to Other Websites

LYNX may also occasionally tweet or retweet (RT) content from other users it thinks may be of interest to followers, and that share LYNX' goals. Generally speaking, that content will originate from:

- Organizations partnering with LYNX
- Transportation-related groups in Central Florida
- Stakeholders and non-profit organizations

LYNX views Twitter as a tool for providing information and connecting customers with answers about transportation questions. Links to other resources are provided solely for the convenience of users and are intended to point users to additional information that may add perspective for users. LYNX is not responsible for the accuracy, currency or reliability of the content of these links. LYNX does not offer any regard and is not responsible for the information found through these links, nor does it explicitly endorse these sites or their content.

## Direct Messages and @replies

LYNX encourages feedback and interaction via Twitter. LYNX will read @replies and direct messages. Information will be forwarded as necessary to individuals within LYNX.

LYNX may not reply individually to all messages. Also, since LYNX does not follow individual users, it may be difficult to conduct a full conversation on Twitter. LYNX encourages individuals to contact Customer Service at: [golynx.com/customer-service.shtml](http://golynx.com/customer-service.shtml).

## **Content**

People who subscribe or view LYNX' YouTube channel – [youtube.com/user/ChannelLYNX](https://www.youtube.com/user/ChannelLYNX) – can expect video content that relates to LYNX' mission and goals.

## **Shared Content**

LYNX may occasionally share content from other LYNX channels or websites it thinks may be of interest to its followers and that support its goals.

Links to other resources are provided solely for the convenience of users and are intended to point users to additional information that may add perspective for users. LYNX is not responsible for the accuracy, currency, or reliability of the content of these links. LYNX does not offer any guarantee in that regard and is not responsible for the information found through these links, nor does it implicitly endorse these sites or their content.

## **Posting Frequency**

LYNX will post videos regularly, as they are produced.

## **Comment Policy**

LYNX does not allow posting of comments on its YouTube channel.

Consent Agenda Item #6.D. x

**To:** LYNX Board of Directors

**From:** Kathy Clary  
DIRECTOR OF MARKETING COMM  
Elaine Buhrow  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6161

**Item Name:** Miscellaneous  
Authorization to Purchase Vanpool Vehicles for Replacement and  
Expansion

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to purchase twenty-five (25) replacement and expansion vanpool vehicle. Funding for this purchase was included in the FY2013 Adopted Capital Budget.

**BACKGROUND:**

The LYNX vanpool program was developed to provide another option for the Central Florida community commuting to work. LYNX currently has seventy-one (71) vehicles in its vanpool fleet. LYNX purchases commuter vans from funds granted by the Federal Transit Administration (FTA) and contracts with an outside vendor, Vanpool Services Incorporated (VPSI) to provide fleet management services.

VPSI fleet management services include the billing and collection of monthly vanpool fees, providing insurance and maintenance for the fleet, compiling monthly and annual NTD reports, supplying emergency road-side assistance and replacement vehicles for vans in need of repair.

The program has ten (10) vanpool vehicles that will reach retirement in FY2013. Historically, LYNX vanpool groups have experienced low turnover and the program continues to generate interest from employers and individual commuters. Due to the high interest in the program, and requests from multiple employers to start a vanpool program, an additional fifteen (15) vans will be needed for expansion.

LYNX is looking to purchase nine (9) 7-passenger, eight (8) 10-passenger, six (6) 12-passenger, and two (2) wheelchair accessible vehicles to maintain and grow the program. The total cost for twenty-five (25) vehicles is \$738,943.

# LYNX Board Agenda

These vehicles will be purchased under the competitively let Florida State contract and meet Buy America requirements.

<b>Vanpool Vehicles</b>	<b>Quantity</b>	<b>Unit Cost</b>	<b>Total Cost</b>
7 Passenger Vans	9	\$24,397	\$219,569
10 Passenger Conversion	8	\$29,168	\$233,344
12 Passenger Conversion	6	\$32,139	\$192,834
Wheelchair accessible	2	\$46,598	\$93,196
<b>Total Vehicles</b>	25		\$738,943

## **FISCAL IMPACT:**

LYNX staff included \$1,624,000 (excluding carryover) in the FY2013 Adopted Capital Budget for the purchase of commuter vans. The vans will be 100% federally funded.

**Item Name:** Miscellaneous  
Authorization to Write-off Assets as of June 30, 2012 Physical Inventory  
Count and Reconciliation

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to write-off tangible fixed assets with a net book value in the amount of \$17,582. As a result of the June 30, 2012 physical fixed asset inventory count and reconciliation, these assets include buildings and shelters, computer equipment, and furniture and fixtures determined to be obsolete and no longer useful, broken and beyond repair, and other items considered as not found.

**BACKGROUND**

In accordance with Federal Transit Administration (FTA) Circular 5010.1D Chapter II, 3.e., LYNX must take a physical inventory of its equipment and reconcile the results to the financial records at least once every two years. As instructed by the LYNX Board, LYNX performs an annual physical inventory at the end of each fiscal year. According to the financial records, the following is the description, acquisition value, and net book value of the assets requested for write-off:

Fixed Assets	Acquisition Value	Net Book Value
Building and Shelters	\$ 10,324	\$ -
Computer Equipment	56,042	-
Garage & Shop Equipment	5,985	-
Office Equipment	116,556	17,582
Office Furniture	18,107	-
Revenue Collection Equipment	1,565	-
<b>Total</b>	<b>\$208,579</b>	<b>\$ 17,582</b>

The results of the June 30, 2012 physical inventory count are as indicated above.

**FISCAL IMPACT**

The fiscal impact is \$17,582 which is the net book value of the assets being written-off and the amount due to FTA.

**LYNX ASSETS**

**Item Name:** Miscellaneous  
Authorization to Modify the Sub-recipient Agreements with Meals On  
Wheels and Independent Transportation Network Orlando for the New  
Freedom Program (NFP) Awards

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to modify the Sub-recipient Agreements with various Human Services Agencies, as the pass-through entity, and to amend the FY2013 Adopted Operating Budget, accordingly.

The requested Sub-recipient Agreement modifications will reflect minor adjustments to the November 2012 Board authorized amounts based upon the actual awards.

**BACKGROUND:**

In November 2012 the LYNX Board authorized staff to execute sub-recipient agreements based on the April 2011 competitive selection process conducted by the Florida Department of Transportation. LYNX as the designated recipient for the Orlando New Freedom Program (NFP) is the direct grantee and will pass-through funds to the sub-recipient agencies.

The following reflects modifications to the Board authorized amounts.

1. Meals on Wheels, Etc. award changed to \$37,000 from \$31,305
2. Independent Transportation Network Orlando (ITN Orlando) award changed to \$88,746 from \$87,000.

Sub-awards will be adjusted by \$7,441 from \$211,743 to \$219,185.

**FISCAL IMPACT:**

Upon approval, LYNX staff will amend the FY2013 Adopted Operating Budget in the amount of \$7,441 for additional funding awarded to sub-recipients under the LYNX administered JARC and New Freedom grant programs.

**Item Name:** Miscellaneous  
**Authorization to Ratify the Increased Contract Amount with Enghouse Transportation (f/k/a Ontira Communication, Inc.) to Procure Spanish Language Translations for Paratransit and Fixed Route Interactive Voice Response (IVR) System**

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Director's ratification of the increased contract amount of \$11,015 with Enghouse Transportation (f/k/a Ontira Communications, Incorporated) to procure Spanish language translations for paratransit and fixed route Interactive Voice Response (IVR) system and to amend the FY2013 Adopted Capital Budget accordingly. The total contract amount with this ratification is \$340,539.

**BACKGROUND:**

At the July 1, 2008 Governing Board Meeting the Board authorized a contract award to Ontira Communications in the amount of \$336,551. LYNX subsequently contracted with Ontira Communications, Inc., (recently acquired by Enghouse Transportation) to provide paratransit and fixed route Interactive Voice Response (IVR) services. Due to the vast amount of Spanish dialects in our community, LYNX elected to allow Ontira/Enghouse's professional translation contractor to provide professional Spanish translations to ensure dialect neutral translations that would be understood by all Spanish dialects. This will ensure Title VI language compliance.

**FISCAL IMPACT:**

Upon Board approval, LYNX staff will amend the Adopted FY2013 Capital Budget to include the federal funds in the amount of \$11,015 for upgrades to the existing interactive voice response technology.

**Item Name:** Miscellaneous  
 Authorization to Implement Proposed Service Adjustments Effective April 21, 2013

**Date:** 4/11/2013

**ACTION REQUESTED:**

Staff is requesting the Board of Directors’ authorization for the Chief Executive Officer (CEO) or designee to implement the proposed fixed route service adjustments effective April 21, 2013.

**BACKGROUND:**

Service adjustments and modifications typically occur three times per year, concurrent with the Bus Operators’ selection of work assignments. The service adjustments listed below are a routine component of that tri-annual service change process.

**PROPOSED SERVICE ADJUSTMENTS:**

Staff has identified the following proposed service adjustments and modifications for the April 21, 2012 service change:

<b>Link</b>	<b>Proposed Change</b>	<b>Reason</b>
8	The timepoint at Wet’N Wild will be removed from the schedule. However, the bus stop at this location will still continue to be served.	Improve on-time performance.
17	The last three weekday evening trips from Apopka to LCS will be adjusted to arrive at 11:35 p.m., 12:35 a.m. and 1:35 a.m.	Improve on-time performance and connectivity.

# LYNX Board Agenda

20	The route name will be changed to Malibu Street/Mercy Drive to better reflect the communities served.	Clarification of areas served.
23	The timepoint at Fairbanks Avenue & Orlando Avenue will be removed from the schedule. However, the bus stop at this location will still continue to be served.	Improve on-time performance.
34	The bus stop at the Seminole County Health Department will no longer be served on Saturdays.	Seminole County Health Department is closed on Saturdays.
41	The scheduled recovery has been returned to Orlando International Airport. As a result, the schedule between Gatlin Avenue and the airport has been adjusted.	Improve operations logistics.
42	The timepoint at Wet'N Wild will be removed from the schedule. However, the bus stop at this location will still continue to be served.	Improve on-time performance.
57	Minor adjustments have been made to the schedule to better reflect actual arrival times.	Improve on-time performance.
416	Routing will be modified to serve the new Poinciana Medical Center on Cypress Parkway and Solivita Boulevard.	Provide access to a new activity center and employment generator.
426	Routing will be modified to serve the new Poinciana Medical Center on Cypress Parkway and Solivita Boulevard. Also, timepoints have been adjusted to accommodate the new routing.	Provide access to a new activity center and employment generator; improve connectivity.
443	The timepoint at Lee Road & Adanson Street will be removed from the schedule. However, the bus stop at this location will still continue to be served.	Improve on-time performance.
621	This NeighborLink is being converted to a hybrid fixed-route/demand-response service. Fixed-route stops will be established between the western terminus at Colonial Drive & Alafaya Trail and Bithlo. However, points east including the Bithlo and Wedgefield communities will continue to operate as call-ahead NeighborLink service.	Improve service delivery method to better match passenger demand.

## **FISCAL IMPACT:**

All proposed changes will be supported with funds included in the FY2013 Adopted Operating Budget.

**Item Name:** Miscellaneous  
Authorization to Enter into a Contract with Digital Recorders, Inc. (DRI)

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to enter into a contract with Digital Recorders, Inc., (DRI) for the purchase of an upgrade to the talking bus, install wireless communication systems and provide equipment to comply with ADA (Americans with Disabilities Act). Since digital recorders are already on the remainder of the fleet, this would be a sole source procurement.

**BACKGROUND:**

Currently, the buses have a voice annunciations system inside the bus and as the bus progresses along the route, it automatically announces the next bus stop (street name or street number) for our sight impaired passengers. This assists them in knowing where the bus is in anticipation of arriving at their bus stop. In addition to the talking bus, a visual message sign (board) will flash a message across a message informing the hearing impaired of the approaching bus stop. Currently, at least four (4) times a year the talking bus and message board have to be reprogrammed. That means each and every bus (280) has to be individually reprogrammed. This is labor intensive. Wireless connectivity will save a significant number of labor hours by reprogramming the buses automatically. In addition, the message sign will be increased from a single line message to a double line message.

	Quantity	Description	Unit Price	Extended Price
		<b>Internal signage</b>		
		<b>197 Vehicles with existing DR600s</b>		
1	197	Internal Sign, 2 Line, 16 Characters, Yellow J1587	\$ 1,440.00	\$ 283,680.00
2	197	Cable, Internal Sign	\$ 40.00	\$ 7,880.00
3	197	Sign Brackets	\$ 70.00	\$ 13,790.00
		<b>Total, One Internal Sign per Vehicle</b>	<b>\$ 1,550.00</b>	<b>\$ 305,350.00</b>
		<b>WLAN, BiDirectional 802.11g</b>		
		197 Vehicles with existing DR600s		
4	197	WLAN, 802.11g On Vehicle Module, Triband antenna	\$ 790.00	\$ 155,630.00
		<b>Total WLAN system</b>		<b>\$ 155,630.00</b>
		<b>Spares</b>		
5	20	Internal Sign, 2 Line, 16 character, Yellow, J1587	\$ 1,440.00	\$ 28,800.00
6	20	WLAN 802.11g On Vehicle Module	\$ 449.00	\$ 8,980.00
7	20	Triband Antenna	\$ 194.00	\$ 3,880.00
		<b>Total Spares</b>		<b>\$ 41,660.00</b>
		<b>DR Services for WLAN &amp; Internal Signage Installation</b>		
8	197	Installation Services, WLAN & Internal Signage, Vehicle	\$ 492.00	\$ 96,924.00
9	197	<b>Grand Total, WLAN, Internal Signage, Spares, &amp; Installation</b>		<b>\$ 599,564.00</b>

**FISCAL IMPACT:**

LYNX staff included \$931,520 in federal funds in the adopted FY2013 Capital Budget for electronic equipment to provide digital recording and delivery technology. As such, we are anticipating a savings in the amount of \$331,956 based on the proposed purchase price.

Consent Agenda Item #6.D. xvi

**Item Name:** Miscellaneous  
Authorization to Submit FY 2014/2015 Service Development Grant  
Proposals to the Florida Department of Transportation (FDOT) and the  
Authority to Execute Upon Notification of Funding by Resolution No. 13-  
004

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorize the Chairman to execute Resolution #13-004 authorizing the Chief Executive Officer (CEO) to Submit FY2014/2015 Service Development Grant Applications to the Florida Department of Transportation (FDOT) and execute the Service Development Grant Joint Participation Agreement (JPA provided by FDOT) upon project selection in FY 2015.

**BACKGROUND:**

On March 11, 2013, the Florida Department of Transportation (FDOT) solicited applications for FY14/15 Service Development Grants. Applications are due on April 30, 2013. This program is selectively applied to determine whether a new or innovative technique or measure can be used to improve or expand public transit. Service Development projects specifically include the use of new technologies, enhanced services/routes or increase in vehicle frequencies; the purchase of special transportation services and other techniques for increasing service to the riding public; and new technologies or methods for improving operations, maintenance and marketing. Priority will be given to those projects that have the potential to benefit other transit systems and have not been undertaken by other agencies.

The proposed services, if awarded, will be programmed in the FDOT Work Program due for development beginning October 2014. LYNX requested service development funding in the amount of approximately \$1.10 million for two (2) years of service.

LYNX staff is diligently working with local jurisdictions and anticipated private partners for the 50%

## LYNX Board Agenda

local share of the grant, estimated at \$1.10 million. FDOT requires that documentation of local match commitment be submitted before the annual state Work Program development cycle starts for the state FY2015/16. Staff will keep the Board updated on the status of funding coordination for the local match of 50%.

LYNX is considering the following projects, subject to continuing discussions with local jurisdictions and partnership opportunities.

- Link 20 (Malibu/Pine Hills) Night Service
- 3 D (Downtown Disney Direct) Service from South Semoran
- Link 57 (Downtown Orlando /Magic Kingdom) Evening and Sunday Service
- Link 26 (Pleasant Hill Road/Poinciana) and Link 426 (Poinciana Circulator) Sunday Service
- Red Bug Lake Service from Oviedo to Sunrail

Board Resolution 13-004 is attached.

### **FISCAL IMPACT:**

LYNX staff will include FDOT grant awards in the appropriate LYNX fiscal year operating budgets upon confirmation of funding.

**CFRTA RESOLUTION 13- 004**

**A RESOLUTION OF THE CENTRAL FLORIDA REGIONAL TRANSPORTATION AUTHORITY (d.b.a LYNX): AUTHORIZATION FOR THE CHIEF EXECUTIVE OFFICER TO SUBMIT GRANT APPLICATIONS AND EXECUTE JOINT PARTICIPATION AGREEMENTS WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) FOR SERVICE DEVELOPMENT PROJECTS**

**WHEREAS**, there is a Public Transit Service Development Program which shall be administered by the Florida Department of Transportation (FDOT) and the grant funds will provide initial funding for new or innovative technique or services to improve or expand public transit;

**WHEREAS**, LYNX has satisfied the requirement to complete a Transportation Development Plan (TDP) for FY 2013-22 which has been submitted to FDOT in June 2012 and the TDP is consistent with the five-year Transportation Improvement Program (TIP) and FDOT's State Work Program;

**WHEREAS**, this is a resolution of the GOVERNING BOARD of the Central Florida Regional Transportation Authority (hereinafter BOARD), which hereby authorizes the submission of service development grant applications and execution of future Joint Participation Agreements with the Florida Department of Transportation.

**WHEREAS**, this BOARD has the authority to authorize the execution of the Joint Participation Agreement.

**NOW THEREFORE, BE IT RESOLVED THAT:**

1. The BOARD has the authority to authorize the submission of service development grant applications to the Florida Department of Transportation.
2. The BOARD authorizes the Chief Executive Officer to execute future Joint Participation Agreements with the Florida Department of Transportation for the awarded service development projects.
3. That the above authorization shall be continuing in nature until revoked by the Chairman of the Governing Board.

**APPROVED AND ADOPTED** this 11th day of April 2013, by the Governing Board of the Central Florida Regional Transportation Authority.

**Item Name:** Miscellaneous  
Authorization to Auction Surplus Equipment

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to retire, transfer, recycle or sell, at public auction, surplus and obsolete items as identified on the attached list.

**BACKGROUND:**

It is LYNX' policy to hold an annual auction to dispose of Board approved surplus assets. This year's auction is scheduled for June 2013. The following surplus items require authorization for retirement and disposal at the public auction:

**Revenue Vehicles and Components:**

Four (four) revenue vehicles (buses, engines, transmissions,) and fourteen (14) support vehicles with a total net book value of \$0.

**Computer Equipment**

Surplus and Obsolete computer equipment, including, desktop computers, battery power backup supplies, and printers with a total net book value of \$0.

**Furniture, Fixtures and Equipment:**

Surplus and obsolete furniture, fixtures, equipment, and shop equipment with a total net book value of \$0.

**Van Pool Vans:**

Three (3) Ford and Dodge vans with a total net book value of \$0.

**FISCAL IMPACT:**

The total net book value of the surplus items is \$0. The net proceeds from this sale will be included in LYNX' non-operating revenue or in amounts due to the Federal Transit Administration (FTA), whichever is applicable in FY2013.

**Category Totals**

**Action Agenda Item #7.A**

**To:** LYNX Board of Directors

**From:** Edward Johnson  
GENERAL MANAGER  
William Hearndon  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6058

**Item Name:** Authorization to Ratify the Exercising of the Non-Core Option of Contract #12-C02 with MV Transportation, Inc.

**Date:** 4/11/2013

---

**ACTION REQUESTED:**

Staff is requesting the Board of Directors' ratification for the Chief Executive Officer (CEO) to exercise the non-core option of Contract #12-C02 with MV Transportation, Inc., effective March 30, 2013, and to amend the FY2013 Operating Budget accordingly.

**BACKGROUND:**

As a result of the non-core provider, Transportation America, no longer providing services as of March 30, 2013, LYNX exercised its option within MV Transportation's contract #12-C02 for core paratransit services.

The core contract allowed LYNX an option to expand the contract to cover non-core services.

**FISCAL IMPACT:**

The annual budgetary impact to LYNX for year two of the contract is projected to be \$281,089, of which \$273,280 is related to rates being charged by Transportation America compared to the rate proposed by MV Transportation. The residual is related to higher trips than anticipated for the year. The budgetary impact for year two will be mitigated with the \$200,000 from Transportation America. The remainder, in the estimated amount of \$81,089, will be supported with the anticipated overall savings and/or reserves, if necessary.

Upon approval, LYNX staff will amend the FY2013 Operating Budget, accordingly.

If the Board approves, MV Transportation to continue to provide the non-core services in years three, four, and five of the contract, the anticipated impact would be \$1,396,037 increase in cost for the last three years of the contract.

Taxes	430,180						430,180
Purchased Transportation	18,215,643				1,847,381	213,490	20,276,514
Miscellaneous	768,638	12,000					780,638
Leases	160,060						160,060
Reserves*	-		275,630				275,630
<b>Total Operating Expenses</b>	<b>\$ 115,518,832</b>	<b>\$ -</b>	<b>\$ 288,282</b>	<b>\$ 1,983,149</b>	<b>\$ 1,847,381</b>	<b>\$ 213,490</b>	<b>\$ 119,851,134</b>

\* Prepaid funding from Osceola County for new Service Development route.

**Fixed-route Service** – At the November 2012 Board Meeting, adoption of the LYNX service funding agreements was received. Based on the approved service levels, LYNX staff identified federal funding in the Job Access and Reverse Commute (JARC) and New Freedom grant programs to support eligible services; therefore, reducing the reliance on reserves. Funding in the amount of \$485,513 will be utilized for eligible services to maximize use of LYNX’ JARC and New Freedom grants. In addition, at the January 2013 Board Meeting, approval was received to provide three additional round-trips for twenty-four operating days on the KnightLYNX service between the University of Central Florida (UCF) to Downtown Orlando. The additional KnightLYNX service in the amount of \$12,652 will be funded by the UCF Student Government Association.

**Alternatives Analysis (AA) Studies** – The AA study for U.S. 192 and S.R. 50 are being transferred from the capital budget to the operating budget. Both AA studies are in the planning phase to determine next steps for premium transportation services along these two heavily traveled corridors. Due to the uncertainty of the findings from each study and their potential to lead to a capital investment it is more appropriate to classify the expenses to be incurred in LYNX’s operating budget.

**Capital Cost of Contracting Paratransit** – The need for Paratransit service in the tri-county area continues to grow and LYNX staff continues to find innovative and cost-effective ways to meet the increasing demand for door-to-door service. The funding received by LYNX under the American Recovery & Reinvestment Act (ARRA) can be utilized for the capital cost of contracting related to Paratransit service delivery. The ARRA funds will cover additional costs estimated during FY2013 to meet trip needs provided through contract to MV transportation.

**Human Service Agencies JARC/New Freedom** – LYNX applied for funding through the Federal Transit Administration (FTA) JARC and New Freedom grant programs on behalf of sub-recipient agencies. LYNX staff asked for approval at the November 2012 Board Meeting to execute sub-recipient agreements with ITN Orlando, The Opportunity Center, Meals on Wheels, and Seminole Behavioral Mental Health pending award notification from the Florida Department of Transportation (FDOT) the agency responsible for administering the competitive process. LYNX received the grant award from FDOT and is amending the FY2013 Operating Budget in the amount of \$213,490 for funding to be provided to the sub-recipients.

In addition to the items described above, LYNX will be adjusting the employee headcount to provide service, and vehicle and facility maintenance coverage. The additional positions being added will have a zero budget impact. These positions are being funded through the savings achieved from retirees, the budgetary impact of the final union contract negotiations, effective negotiation of a lower healthcare contract cost, and the reduction of the budgeted union pension rate. The positions being added to the headcount are identified below.

- Six (6) full-time bus operators are being added and two (2) part-time bus operators are being deleted netting four (4) full-time operators to the headcount to cover the identified need based on the April 2013 service/bid change;
- Two (2) Technicians A are being added to assist with LYNX’ increasing electronics equipment;
- One (1) Service Island Attendant is being added for maintenance needs; and,
- One (1) Building & Grounds A position is being added to maintain LYNX’ facilities.

The expense and revenue related to these adjustments was not included in the adopted budget. As such, this amendment includes the associated costs and revenue to reflect these changes.

The following table summarizes the adjustments mentioned above and formally amends the Adopted FY2013 Operating Budget from \$115,518,832 to \$119,851,134 as follows:

**FY2013 Amended Operating Budget**

<b>Operating Revenues</b>	<b>FY2013 Adopted Budget</b>	<b>Revisions</b>	<b>FY2013 Amended Budget Total</b>
Fund Balance	2,718,752	(485,513)	2,233,239
LYNX-Generated Revenue	38,506,313	12,652	38,518,965
Federal Revenue	17,160,759	4,529,533	21,690,292
State Revenue	10,692,276		10,692,276
Local Revenue	46,440,732	275,630	46,716,362
<b>Total Operating Revenue</b>	<b>\$ 115,518,832</b>	<b>\$ 4,332,302</b>	<b>\$ 119,851,134</b>

These funds are programmed to fund the following types of expenses:

Operating Expenses	FY2013 Adopted		FY2013 Amended
	Budget	Revisions	Budget Total
Salaries/Wages/Fringes	63,902,160		63,902,160
Other Services	7,875,976	1,481,805	9,357,781
Fuel	16,180,425	12,652	16,193,077
Materials & Supplies	5,304,372	489,344	5,793,716
Casualty & Liability	1,331,276		1,331,276
Taxes & Utilities	1,780,282		1,780,282
Purchased Transportation	18,215,643	2,060,871	20,276,514
Leases & Miscellaneous	928,698	12,000	940,698
Reserves	-	275,630	275,630
<b>Total Operating Expense</b>	<b>\$ 115,518,832</b>	<b>\$ 4,332,302</b>	<b>\$ 119,851,134</b>

The following table reflects adjustments related to increasing the September 27, 2012 Adopted FY2013 Capital Budget from \$98,306,238 to \$105,031,248 as follows:

**FY2013 Amended Capital Budget**

Capital Contributions	FY 2013 Adopted Capital Budget	Revisions	FY2013 Amended Capital Budget
Federal Contributions	87,883,129	(638,977)	87,244,152
State Contributions	1,454,091	7,363,987	8,818,078
Local Contributions	8,969,018		8,969,018
<b>Total</b>	<b>\$ 98,306,238</b>	<b>\$ 6,725,010</b>	<b>\$ 105,031,248</b>

These funds are programmed to fund the following types of expenditures:

Capital Expenditures	FY 2013				FY 2013
	Adopted Capital Budget	AA Studies	SunRail Bus Vehicles	LYNX Bus Vehicles	Amended Capital Budget
BRT	30,649,581	(1,983,149)			28,666,432
Facility Improvements	5,959,559				5,959,559
Fare Payment System Upgrade	3,087,279				3,087,279
Kissimmee Transfer Center	175,369				175,369
Paratransit Fleet Capitalization	1,065,495				1,065,495
Passenger Amenities	6,388,972				7,138,972
Real Time Customer Information	573,000				573,000
Revenue Vehicles	36,472,034		7,363,987	594,172	44,430,193
Safety/Security Enhancements	2,420,643				2,420,643
Shelters/Transfer Centers	201,000				201,000
Support Equipment	1,664,066				1,664,066
Technology	9,649,240				9,649,240
<b>Total</b>	<b>\$ 98,306,238</b>	<b>\$ (1,983,149)</b>	<b>\$ 7,363,987</b>	<b>\$ 594,172</b>	<b>\$ 105,031,248</b>

**Alternative Analysis Studies** – As described in the FY2013 Operating Budget Amendment detail, LYNX is transferring the expenses related to the U.S. 192 and S.R. 50 Alternative Analysis studies from the capital budget to the operating budget. The FY2013 Amended Capital budget tables above display the reduction of federal revenue related to the AA studies.

**SunRail Vehicles** – LYNX staff will purchase twelve (12) transit coaches to support SunRail feeder service. These vehicles will be funded by the FDOT and purchased by LYNX utilizing a combination of TRIP and SIB loan funds in the amount of \$7,363,987.

**LYNX Vehicles** – At the November 2012 Board Meeting approval was provided for LYNX to purchase nineteen (19) replacement transit buses in the amount of \$8,574,172. The amount of the vehicles exceeded the total replacement amount for the nineteen (19) vehicles included in the FY2013 Adopted capital budget by \$594,172. The amount included in this amendment will provide the total amount necessary to cover the purchase of these vehicles and is 100% federally funded.

**LYMMO Rehabilitation** – At the November 2012 Board meeting approval was provided for LYNX staff to conduct a request for proposal for repair, rehabilitation, and enhancement of the LYMMO fixed-guideway. A successful vendor was selected and LYNX staff as approved at the November 2012 Board meeting is amending the capital budget for the refurbishment of the LYMMO fixed-guideway facilities. The funding for this project is provided by the FTA formula grant funds and the LYNX budget will be amended in the amount of \$750,000 for this project.

## **FISCAL IMPACT:**

The FY2013 Adopted Operating Budget will increase from \$115,518,832 to \$119,851,134. The FY2013 Capital Budget will be increased from \$98,306,238 to \$105,031,248 as indicated.

**Action Agenda Item #7.C**

**To:** LYNX Board of Directors

**From:** Blanche Sherman  
DIRECTOR OF FINANCE  
Patricia Bryant  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6100

**Item Name:** Acceptance of the Annual Financial Audit and Comprehensive Annual Financial Report (CAFR) for the Fiscal Year Ending September 30, 2012

**Date:** 4/11/2013

---

**ACTION REQUESTED**

Staff is requesting the Board of Directors' acceptance of the annual financial audit and Comprehensive Annual Financial Report (CAFR) for the fiscal year ending September 30, 2012.

**BACKGROUND:**

In accordance with Chapter 218.39, Florida Statutes, LYNX is required to have an annual financial audit performed by an independent certified public accountant.

The Single Audit Act Amendments of 1996 require state or local governments that receive at least \$500,000 in Federal financial assistance in a year to have an independent audit conducted for that year in accordance with the Office of Management and Budget (OMB) Circular A-133. The State of Florida recently enacted similar legislation, the Florida single Audit Act, related to audits of State financial assistance. Pursuant to these Acts, LYNX' independent certified public accountants, Cherry, Bekaert & Holland, L.L.P., have conducted the audit for the fiscal year ended September 30, 2012.

An unbound draft copy of the CAFR, which includes the audit report of Cherry, Bekaert & Holland, L.L.P. is attached for your review. The final report will be provided to each member of the Board at the April 11, 2013 Board Meeting.

The auditors have issued an unqualified "clean" opinion on both financial and compliance audits. The auditor's Management Letter Comments and Management's responses are included as a separate document accompanying the annual financial report. See attached copy. The results of operations and the annual audit were explained in detail at the audit committee meeting.

## Report of Independent Auditor

To the Board of Directors  
Central Florida Regional Transportation Authority:

We have audited the accompanying balance sheets of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority") as of September 30, 2012 and 2011, and the related statements of revenues, expenses and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 3, 2013 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming an opinion on the financial statements of the Authority taken as a whole. The introductory section, supplementary schedule of revenues and expenses – budget vs. actual (budgetary basis), schedule of local financial assistance and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are also presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and Chapter 10.550, *Rules of the Auditor General*, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedule of revenues and expenses – budget vs. actual (budgetary basis) and schedules of expenditures of federal awards, local financial assistance, and state financial assistance have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide an assurance on them.

Orlando, Florida

DRAFT

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the comprehensive annual financial report of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority") presents management's analysis of the Authority's financial performance during the Fiscal Years that ended on September 30, 2012 and 2011, respectively. Please read it in conjunction with the financial statements, which follow this section.

### Financial Highlights

#### Fiscal 2012

- Customer fares increased by 10%, or \$2.5 million, from FY2011. This was due to an increase in ridership of 4%, combined with the fare policy implemented April 2011 requiring passengers to present an Authority issued identification card in order to qualify for reduced fares. This policy has resulted in an increase in sales of full adult fare media and a decrease in sales of reduced fare media.
- Advertising revenue increased significantly from FY2011, providing \$1.2 million in revenue in FY2012. This is due in part to a new advertising contract effective January 2012.
- Fuel costs increased by 6% from FY2011, primarily due to an increase in fuel consumption. The Authority continued fuel hedging activities that began in FY2011 in an effort to stabilize fuel cost.

#### Fiscal 2011

- Customer fares increased by \$3.7 million primarily due to an increase in ridership of 9%. As in previous years, rising gas price translates into higher ridership.
- The Authority's local funding partners decreased their funding by 7%, \$3.6 million dollars from FY2010 levels, due to various budget constraints. The Authority continued to implement operating efficiencies and utilized \$5.9 in Federal stimulus funds to minimize the impact of funding reductions and increasing expenses.
- The price of fuel significantly increased in FY2011, resulting in a \$4.5 million dollar increase in fuel expenses compared to FY2010.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The financial statements consist of two parts: Fund Financial Statements and Notes to the Financial Statements. The report also contains supplementary information in addition to the financial statements themselves.

### Required Financial Statements

The financial statements of the Authority report information about the Authority using full accrual accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities. The Balance Sheet includes all of the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). The assets and liabilities are presented in a classified format, which distinguishes between current and long-term assets and liabilities. It also provides the basis for computing the rate of return, evaluation of the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Assets. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its customer fares, contract services, and operating subsidies, as well as its profitability and credit worthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. The statement

reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

### Financial Analysis of the Authority

Our analysis of the Authority begins below with the Financial Statements. One of the most important questions asked about the Authority's finances is "Is the Authority, as a whole, better off or worse off as a result of the year's activities?" The Balance Sheet and the Statement of Revenues, Expenses, and Changes in Net Assets report information about the Authority's activities in a way that will help answer this question. These two statements report the net assets of the Authority and changes in them. You can think of the Authority's net assets---the difference between assets and liabilities---as one way to measure financial health or financial position. Over time, increases or decreases in the Authority's net assets are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in economic conditions, population growth, regulation, and new or changed government legislation.

### Net Assets

To begin our analysis, a summary of the Authority's Balance Sheets is presented in Table A-1.

**Table A-1**

*Condensed Statement of Net Assets (Balance Sheets) (In millions of dollars)*

	September 30,		
	FY2012	FY2011	FY2010
<b>Assets:</b>			
Current and other assets	\$ 59.3	\$ 54.9	\$ 50.6
Capital assets	131.7	139.4	135.3
<b>Total assets</b>	<b>\$191.0</b>	<b>\$194.3</b>	<b>\$185.9</b>
<b>Liabilities:</b>			
Current liabilities	\$ 21.8	\$ 19.0	\$ 18.0
Long-term liabilities	12.7	15.4	16.7
<b>Total liabilities</b>	<b>\$ 34.5</b>	<b>\$ 34.4</b>	<b>\$ 34.7</b>
<b>Net Assets:</b>			
Invested in capital assets, net of related debt	\$124.9	\$131.1	\$125.1
Restricted	.5	.5	.5
Unrestricted	31.1	28.3	25.6
<b>Total net assets</b>	<b>\$156.5</b>	<b>\$159.9</b>	<b>\$151.2</b>

The Balance Sheets show the change in assets, liabilities, and the resulting net assets. Net assets may serve, over time, as a useful indicator of a government's overall financial position. As can be seen from the Table A-1, Net Assets decreased \$3.4 million to \$156.5 million in FY2012 from \$159.9 million in FY2011. Compared to FY2011, Net Assets Invested in Capital Assets, Net of Related Debt, decreased \$6.2 million, Unrestricted Net Assets increased \$2.8 million, and Restricted Net Assets did not change.

**Table A-2**  
*Condensed Statement of Revenues, Expenses, and Changes in Net Assets (In millions of dollars)*

	September 30, FY2012	FY2011	FY2010

Professional services	5.4	5.7	6.4
Lease and miscellaneous	.7	.7	.7
Casualty and liability insurance	1.6	2.1	1.8
Utilities, taxes, and licenses	1.8	1.9	1.8
Total operating expenses	112.0	110.6	106.7
Total Expenses	131.7	223.9	123.7
Loss before Capital Contributions	(16.4)	(15.5)	(13.1)
Capital Contributions	13.0	24.2	18.6
Change in Net Assets	(3.4)	8.7	5.5
Beginning Net Assets	159.9	151.2	145.7
Ending Net Assets	\$156.5	\$159.9	\$151.2

The Statements of Revenues, Expenses, and Changes in Net Assets provide answers as to the nature and source of changes in Net Assets. As shown in Table A-2, the \$3.4 million decrease in net assets in FY2012 is due to the decrease in Capital Contributions of \$13 million over the Loss before Capital Contributions of \$16.4 million. The increase in Customer Fares resulted from the increase in ridership of 4% compared to last year, combined with an increase in the sale of full fare tickets and passes as compared to reduced fare tickets and passes. The decrease in contract services was primarily due to a \$1.6 million reduction in services for Disney and reductions in contract services for certain local governments. The increase in Nonoperating Revenue is primarily due to an increase in funding from the Authority's local funding partners. The increase in Operating Expenses is mainly due to the increase in fuel costs, salaries, wages, and fringe benefits.

## Capital Assets

At the end of FY2012, the Authority had a broad range of Capital Assets, consisting of Land, Buildings and Shelters, Revenue Vehicles, Equipment, and Leasehold Improvements.

**Table A-3**

*Capital Assets (In millions of dollars)*

	September 30, FY 2012	FY 2011	FY 2010
Land	\$ 8.6	\$ 8.6	\$ 8.6
Buildings and Shelters	92.4	89.3	83.8
Revenue Vehicles	108.4	108.8	102.1
Equipment	24.0	21.9	21.3
Subtotal	233.4	228.6	215.8
Less Accumulated Depreciation	(111.1)	(100.5)	(87.1)
Subtotal	122.3	128.1	128.7
Construction in Progress:			
Bus Shelters	.2	1.4	2.9
Facility Capital Improvements	.2	3.7	1.0
Other Miscellaneous Projects	9.0	6.2	2.7
Subtotal	9.4	11.3	6.6
Net Capital Assets	\$131.7	\$139.4	\$135.3

## Long-Term Obligations

On August 16, 2001, the Authority entered into a State Infrastructure Bank (SIB) Loan Agreement (SIB #1), allowing draws of up to \$7,958,991 for the construction of the LYNX Central Station. The loan matured in FY2011 and there was no outstanding balance at September 30, 2012. On June 9, 2004, the Authority entered into a second SIB Loan (SIB #2), allowing draws of up to \$7,600,000 for the construction of the LYNX Operations Center Facility. This loan matures in FY2017; the outstanding loan balance as of September 30, 2012 was \$3,909,775. On August 14, 2006, the Authority entered into a third SIB Loan (SIB #3), allowing draws of up to \$7,140,000 for the acquisition of rolling stock, including paratransit vehicles. The outstanding loan balance as of September 30, 2012 was \$4,255,022. In July 2012, a loan modification was executed deferring the final annual repayment until FY2014. On August 16, 2007, the Authority leased 21 buses requiring 28 quarterly lease payments over seven years, with principal totaling \$7,632,976; the unpaid principal balance as of September 30, 2012, was \$2,398,522.

## Diesel Fuel Hedging

GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, was implemented in FY2011. This accounting standard requires that hedging derivative instruments be reported at fair value on the Balance Sheet.

Beginning in July 2011, the Authority entered into several fuel hedging contracts with a counterparty to cover a significant portion of planned diesel fuel purchases in fiscal years ending September 30, 2011 and September 30, 2012. The objective is to smooth out the fluctuation in fuel prices and to limit the extent to which the price paid for fuel could increase during the fiscal year. As of September 30, 2012 the maturity dates of the open contracts range from October 2012 to September 2013. Because the fuel hedging contracts are considered effective hedges, the fair value of the asset and the liability related to the open contracts at September 30, 2012 fully offset each other.

**Economic Factors and Next Year's Budget and Rates**

The Authority's Board of Directors and Management considered many factors when setting the FY2012 budget and contract services hourly rates. These factors include the expected demand of the Authority's Funding Partners, which in turn consider such factors as anticipated population growth of the three counties and the economy of the region as a whole.

**CENTRAL FLORIDA REGIONAL TRANSPORTATION AUTHORITY d/b/a  
LYNX  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED SEPTEMBER 30, 2012 AND 2011**

---

**1. SIGNIFICANT ACCOUNTING POLICIES**

**Organization** - The Central Florida Regional Transportation Authority (the "Authority") was created in 1989 pursuant to Section 343.63, *Florida Statutes*. This same legislation was amended in 1993, allowing the Authority to assume the operations of the entity formerly known as Central Florida Commuter Rail Authority and providing an opportunity to merge with the local transportation provider, Orange-Seminole-Osceola Transportation Authority (OSOTA) d/b/a LYNX, thereby, creating a one-stop public transportation entity. The Authority continues to use LYNX as its doing business as name and serves as the focal point in developing all modes of public transportation in the Central Florida region. Through formal action by both the Authority and OSOTA Board of Directors, the merger of the two organizations was ratified March 1994 and became effective October 1, 1994. The Authority provides public transportation services to the general public in the Orlando, Florida metropolitan area--Orange County, Seminole County, and Osceola County.

**Reporting Entity** - The Authority is a stand-alone governmental unit.

**Basis of Accounting** – The Authority accounts for its activities through the use of an enterprise fund. Enterprise funds are used to account for activities similar to those found in the private sector, where the determination of a change in financial position is necessary or useful for sound financial administration (business-type activities). Because the Authority has only business-type activities, it is considered to be a special-purpose government for financial reporting under Governmental Accounting Standards Board (GASB) No. 34 *Basic Financial Statements and Management's Discussion and Analysis-for State and Local Governments (GASB 34)*. Accordingly, the Authority only presents fund financial statements as defined in GASB 34. The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses when incurred. The Authority's property and equipment acquisitions and operations are subsidized by the Federal Transit Administration, the Florida Department of Transportation, and local governments. Capital grants for the acquisition of property and equipment (reimbursement type grants) are recorded as grant receivables and credited to capital contributions when the related qualified expenditures are incurred. Unrestricted net assets consist of state and local government operating subsidies received in excess of net expenses.

The Authority has elected not to apply Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989, as permitted by GASB No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*.

**Cash and Cash Equivalents and Investments** - For purposes of the statements of cash flows, the Authority considers all investments with a maturity of three months or less when purchased to be cash equivalents. All cash and cash equivalents are insured by the Federal Deposit Insurance Corporation or are considered insured by the State of Florida collateral pool. The State of Florida collateral pool is a multiple financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

The Authority's policy allows for investments in the Local Governmental Surplus Funds Investment Pool (the "Pool"), which is administered by the State Board of Administration of Florida. The Pool includes direct obligations of the United States government or its agencies and instrumentalities, interest bearing time deposits or saving accounts, mortgage-backed securities, collateralized mortgage obligations, bankers acceptance, commercial paper, repurchase agreements, and shares in common-law trust established under *Florida Statutes* Section 163.01. The Pool allocates investment earnings to participants monthly, based on a prorated dollar days participation of each account in the Pool.

The Authority held investments throughout fiscal years 2012 and 2011 in the Pool, which are considered cash and cash equivalents for financial reporting purposes. During fiscal year 2008 some securities were downgraded and the

Pool was subdivided into Pool A and Pool B. During fiscal year 2009, Pool A was renamed “Florida PRIME” by the SBA. The Authority presents all investments at fair value as follows:

	September 30,	
	2012	2011
Pool Investments -Florida PRIME	\$ 153,389	\$ 53,685
Pool Investments -Pool B	438,430	424,882
Bank Deposits	36,023,646	30,637,793
Total Cash and Cash Equivalents and Investments	<u>\$ 36,615,465</u>	<u>\$ 31,116,360</u>

Florida PRIME qualifies under GASB 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, to be treated as a “2a-7 like pool” because it has a policy that it will, and does, operate in a manner consistent with Rule 2a-7 under the Investment Company Act of 1940. The current rating of Florida PRIME by Standard and Poors is AAAM and the weighted average days to maturity at September 30, 2012 were 39 days. Pool B is not rated by any nationally recognized statistical rating agency and has a weighted life at September 30, 2012 of 4.08 years. The securities in Florida PRIME are presented at fair value based on \$1 per share and securities in Pool B are presented at estimated fair value (cost less unrealized loss) based on an independently calculated fair value factor of .94896811 at September 30, 2012 and .7568386 at September 30, 2011.

It is the policy of the Authority to diversify its investment portfolios so as to protect against issuer defaults, market price changes, technical complications leading to temporary lack of liquidity, or other risks resulting from an over concentration of assets in a specific maturity, a specific issuer, a specific geographical distribution, or a specific class of securities.

The Authority’s investment policy’s objectives are preservation of the principal of funds within its portfolio, ensure that funds are available to meet reasonably anticipated cash flow requirements, and maximize return on investments, while meeting the established quality, safety and liquidity restrictions.

To limit credit risk, in addition to diversification, the Authority has established a list of authorized investments, the principal ones are:

- (1) The Local Government Surplus Funds Trust Fund;
- (2) United States Treasury and Agency securities;
- (3) Interest-bearing time deposits or savings accounts in Qualified Public Depositories;
- (4) Obligations of the Federal Farm Credit Banks and the Federal Home Loan Mortgage Corporation; and
- (5) Deposits, federal funds or bankers acceptance of any domestic bank.

**Receivables - Local, Trade, Operating Assistance** – Includes receivables from customers, Local Funding Partners and Medicaid Assistance. As of September 30, 2012 and 2011, the Authority had receivables, net of allowances, as follows:

	September 30,	
	2012	2011
Customers	\$ 1,368,548	\$ 1,205,618
Local Funding Partners	207,543	368,613
Medicaid Assistance	1,000,948	1,419,597
Total	<u>\$ 2,577,039</u>	<u>\$ 2,993,828</u>

**Inventory** - Inventory, consisting of minor repair parts and fuel, is valued at the lower of cost or market. Cost is determined using the first-in, first-out method.

**State Fuel Tax Refund** - Represents claims refundable from the State of Florida Department of Revenue for fuel tax.

**Restricted Assets** - When both restricted and unrestricted resources are available for use, the Authority’s policy is to use restricted resources first, and then unrestricted resources, as they are needed. Restricted assets include \$7,066,850 and \$5,289,360 of cash and cash equivalents for the FlexBus Project, LYMMO East-West Project, planning projects, shelters, bus procurement and other enhancements, and various capital projects as of September 30, 2012 and 2011, respectively.

**Property and Equipment** - Property and equipment in the amount of \$300 or more is recorded at historical cost and depreciated over the following estimated useful lives using the straight-line method:

	<u>Years</u>
Buildings and shelters	3 - 30
Revenue vehicles	5 - 9
Equipment	3 - 12
Leasehold improvements (shorter of useful lives or lease term)	5 - 10

The remaining construction work in progress primarily relates to design, engineering and construction costs of LYMMO BRT expansion projects, LYNX Central Station Improvements, LYNX Operations Center Modifications, Bus Shelters, Computer Aided Dispatch/Automated Vehicle Locator (CAD/AVL), and other projects. Depreciation commences when projects are completed and the underlying fixed assets are available for use.

**Accounts Payable** - Accounts payable are recorded as expenses at the time services are rendered and the Authority receives items. As of September 30, 2012 and 2011, the Authority had accounts payable as follows:

	September 30,	
	2012	2011
Trade	\$ 5,721,750	\$ 5,135,443
Commitments (Consultants/Construction)	669,829	657,401
Retainage	27,134	174,767
Other	3,071,116	3,484,017
Total	<u>\$ 9,489,829</u>	<u>\$ 9,451,628</u>

**Accrued Compensated Absences** - The Authority recognizes the accrual of compensated absences in accordance with GASB No. 16, *Accounting for Compensated Absences*, accruing vacation pay benefits as earned and sick pay benefits as vested by its employees.

	September 30,	
	2012	2011
Accrued compensated absences liability, beginning of year	\$ 4,257,367	\$ 4,379,696
Obligations	3,926,608	3,633,678
Payments	(3,830,765)	(3,756,007)
Accrued compensated absences liability, end of year	<u>\$ 4,353,210</u>	<u>\$ 4,257,367</u>
Amount due within one year	<u>\$ 3,830,765</u>	<u>\$ 3,756,007</u>

**Accrued Self-Insurance Liability** - The Authority has a self-insurance program for public liability claims and workers compensation. Estimated claims are accrued in the year expenses are incurred to the extent payment is probable and subject to reasonable estimation.

**Deferred Operating Revenue** - Deferred operating revenue consists of revenue not yet recognized because services have not yet been rendered, although related cash has been received.

**Net Assets** - Net assets represents net assets invested in capital assets, net of related debt, restricted assets and unrestricted earnings.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Operating Revenues** - Transactions reported as operating revenues are those that arise from the activities of primary ongoing operations. Those include: Customer Fares, Contract Services, Advertising and Other Operating Income. Customer fares are recorded as revenue at the time services are performed and revenues pass through the fare box. Contract services are recorded as revenue when services are provided, consisting primarily of bus services to area cities and counties that are funded based on hours of service and paratransit services funded through Medicaid, Transportation Disadvantage, and other means.

**Nonoperating Revenues** - Transactions reported in the nonoperating revenue category include government subsidies that are not contingent on service hours or other designated criteria, including Federal, State and Local Operating, Planning, and other grant assistance, as well as interest income and gains on the sales of capital assets, if applicable.

**Operating Expenses** - Transactions reported as operating expenses are those that arise from the activities of primary ongoing operations. Those include: Salaries and Wages, Fringe Benefits, Purchased Transportation Services, Fuel, Materials and Supplies, Professional Services, Leases and Miscellaneous, Casualty and Liability Insurance, Utilities, Taxes and Licenses.

**Nonoperating Expenses** - Transactions reported in the nonoperating expense category include those that do not arise from the activities of primary ongoing operations. These include interest expense for leases and loans as well as losses on the sales of capital assets, if applicable.

## 2. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2012 was as follows:

<b>Property and Equipment:</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reclass/ Disposals</b>	<b>Ending Balance</b>
<b>Depreciable Assets</b>				
Buildings and Shelters	\$ 89,286,041	\$ 5,440,017	\$ (2,343,334)	\$ 92,382,724
Revenue Vehicles:				
Buses	103,971,255	3,636,757	(4,518,925)	103,089,087
Other Support Vehicles	4,873,592	544,044	(148,980)	5,268,656
Furniture, Fixtures & Equipment	21,900,200	4,003,325	(1,860,741)	24,042,784
<b>Non-Depreciable Assets</b>				
Land	8,571,465	-	-	8,571,465
Construction in Progress	11,285,722	7,064,682	(8,930,153)	9,420,251
<b>Totals at Historical Cost</b>	<b>\$ 239,888,275</b>	<b>\$ 20,688,825</b>	<b>\$ (17,802,133)</b>	<b>\$ 242,774,967</b>
Less accumulated depreciation for:				
Buildings and Shelters	\$ (25,719,347)	\$ (5,479,416)	\$ 2,292,170	\$ (28,906,593)

### 3. CAPITAL LEASES

The Authority is currently leasing 21 buses that were received in July 2007. As of September 30, 2012, these buses were included in property and equipment at a cost of \$7,632,976. Amortization of assets under capital leases is included in depreciation expense. Leases payable activity for the years ended September 30, 2012 and 2011 was as follows:

#### Leases Payable September 30, 2012

<b>Leases Payable</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Payments</b>	<b>Ending Balance</b>	<b>Amounts Due Within One Year</b>
Lease # 4	\$3,529,070	\$ -	\$1,130,548	\$2,398,522	\$1,175,754
Total	\$3,529,070	\$ -	\$1,130,548	\$2,398,522	\$1,175,754

#### Leases Payable September 30, 2011

<b>Leases Payable</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Payments</b>	<b>Ending Balance</b>	<b>Amounts Due Within One Year</b>
Lease #4	\$4,616,150	\$ -	\$1,087,080	\$3,529,070	\$1,130,548
Total	\$4,616,150	\$ -	\$1,087,080	\$3,529,070	\$1,130,548

Future minimum payments and the present value of the minimum payments applicable to capital leases are as follows for the years ending after September 30, 2012:

Year	Present Value of Minimum Lease Payments	Amount Representing Interest	Total Minimum Lease Payments
2013	\$ 1,175,754	\$ 77,272	\$ 1,253,026
2014	1,222,768	30,258	1,253,026
Total	\$ 2,398,522	\$ 107,530	\$ 2,506,052

The above do not represent borrowings but are considered capital leases under generally accepted accounting principles due to the length of respective lease terms as compared to estimated useful lives of assets leased.

#### 4. LOANS PAYABLE

On August 16, 2001, the Authority entered into a State Infrastructure Bank Loan Agreement (SIB #1), allowing draws of up to \$7,958,991 for the construction of the LYNX Central Station. The loan matured in 2011, it was non-interest bearing until October 1, 2006 and thereafter the interest rate was 5%. On June 9, 2004, the Authority entered into another SIB Loan (SIB #2), allowing draws of up to \$7,600,000 for the construction of the New Operating Base Facility. This loan matures in 2016, was non-interest bearing until October 1, 2007, and bears an interest rate of 2%, thereafter. On August 14, 2006, the Authority entered into another SIB Loan (SIB #3), allowing draws of up to \$7,140,000 for the acquisition of rolling stock, including paratransit vehicles. The allowable amount, \$7,140,000, of SIB #3 was executed in FY 2006. This was non-interest bearing until October 1, 2008, and bears an interest rate of 1%, thereafter. An amendment to SIB #3 was processed July 2012 adjusting the payback schedule by one year, with final repayment now due October 1, 2013. Loans payable activity at September 30, 2012 and 2011 was as follows:

Loans Payable September 30, 2012					
	Beginning Balance	Additions	Payments	Ending Balance	Amounts Due Within One Year
SIB #2	\$ 4,646,340	\$ -	\$ 736,566	\$ 3,909,774	\$ 751,296
SIB #3	4,255,022	-	-	4,255,022	-
Total	\$ 8,901,362	\$ -	\$ 736,566	\$ 8,164,796	\$ 751,296

Loans Payable September 30, 2011					
	Beginning Balance	Additions	Payments	Ending Balance	Amounts Due Within One Year
SIB #1	\$ 206,407	\$ -	\$ 206,407	\$ -	\$ -
SIB #2	5,368,462	-	722,122	4,646,340	736,565
SIB #3	4,255,022	-	-	4,255,022	-
Total	\$ 9,829,891	\$ -	\$ 928,529	\$ 8,901,362	\$ 736,565

Pursuant to the State Infrastructure Bank Loan Agreement, the Authority committed to use its Federal Transit Administration 5307 grant funds as the source to fund the payment obligations of the loans for SIB#1 and SIB#2, provided such funds are available after funding capital expenditures. The amount of pledged revenues was \$20,682,616 and \$18,697,912 for fiscal years 2012 and 2011, respectively. The Authority committed to use directly generated local funds and FTA 5307 funds for non-TRIP projects as the source to fund the payment obligations of SIB#3. The amount of pledged revenues for capital expenditures and SIB#3 loan payments was \$2,729,284 and \$1,951,961 for fiscal years 2012 and 2011, respectively. Fiscal year 2012 principal and interest payments were \$736,565 and \$92,927, respectively, and fiscal year 2011 principal and interest payments were \$928,529 and \$117,689, respectively.

Repayments to be made in fiscal years 2013 through 2017 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2013	\$ 751,296	\$ 207,126	\$ 958,422
2014	5,021,344	105,720	5,127,064
2015	781,649	47,843	829,492
2016	797,282	32,210	829,492
2017	813,225	16,265	829,490
Totals	<u>\$ 8,164,796</u>	<u>\$ 409,164</u>	<u>\$ 8,573,960</u>

## 5. ACCRUED SELF-INSURANCE LIABILITY

The Authority has been self-insured since 1986 for personal injury coverage related to its transit coaches and since 1991 for workers compensation coverage; all other risks of loss are covered through the purchase of commercial insurance. The Authority has sovereign immunity with respect to personal injury claims, which limits its liability to \$100,000 for each claim and \$200,000 for each accident. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

The amounts recorded as accrued self-insurance liability at September 30, 2012 and 2011, the current portion of which represents an estimate of payments required in the next fiscal year, are at present value based on estimates derived through actuarial determinations discounted at a range of 4% for the fiscal years 2012 and 2011. Such estimates are subject to change based on circumstances surrounding each claim. Changes in the balances of accrued self-insurance liability, including incurred but not reported claims (IBNR), were as follows during the years ended:

	September 30	
	2012	2011
Accrued self-insurance liability, beginning of year	\$ 5,407,644	\$ 4,639,034
Insured claims (including IBNR's)	1,583,890	2,120,192
Claim payments	(2,258,512)	(1,351,582)
Accrued self-insurance liability, end of year	<u>\$ 4,733,022</u>	<u>\$ 5,407,644</u>

The estimated amounts due in one year are \$2,128,388 and \$1,835,748 at September 30, 2012 and 2011, respectively.

## 6. PENSION PLANS

### *State Plan -* **Plan Description**

There are six (6) employees of the Authority who are not represented by the Amalgamated Transit Union (the "Union") and are participants in the Florida Retirement System (FRS), a cost-sharing multiple-employer public employee retirement system (PERS) administered by the Florida Department of Administration. Employees not filling regular established positions but working as temporary employees are not covered by the FRS. The Authority participated in the regular FRS class of membership, with a contribution rate of 7.91% and 10.77% in effect during the State's fiscal years ended June 30, 2012 and June 30, 2011 respectively. Contribution rates equal actuarially determined rates. Beginning July 2011, employers were required to contribute at a rate of 4.91% and employees were required to contribute at a rate of 3.00%.

Benefits are established by Chapter 121, *Florida Statutes*, and Chapter 22B, *Florida Administrative Code*. Amendments to the law can be made only by an act of the Florida Legislature. Benefits are computed on the basis of age, average final compensation, and service credit. Members are also eligible for in-line-of duty or regular disability benefits, if permanently disabled and unable to work. Regular class employees who retire at or after age 62 with 6 years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Vested employees with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. A post-employment health insurance subsidy is also provided to eligible retirement employees through the FRS in accordance with *Florida Statutes*.

Section 121.031 (3), *Florida Statutes* requires that an actuarial valuation of FRS be performed biannually. The conclusions of the valuation and historical trend data are included in the annual report of the FRS. Further information about the progress made by the FRS in accumulating sufficient assets to pay benefits when due, including 10-year historical trend information, is included in the State of Florida Comprehensive Annual Financial Report and various publications available from the Florida Department of Administration.

### **Funding Policy**

The Authority's contributions to the FRS were equal to the required contribution for each fiscal year. Contributions for fiscal years ended September 30, 2010 through 2012 approximated the following:

<u>Fiscal Year</u>	<u>Contributions</u>
2012	\$ 26,000
2011	\$ 31,000
2010	\$ 39,000

The Authority has historically contributed amounts equal to the required contributions for the FRS and, therefore, does not have a pension asset or liability as determined in accordance with GASB No. 27.

### ***Union Plan -***

#### **Plan Description**

Substantially all Union employees of the Authority are participants in the Amalgamated Transit Union Local 1596 Pension Plan (the "Union Plan"), a defined benefit, single-employer public employee retirement system, formed April 22, 1986 by agreement between the Authority and the Union. All Authority Union employees are eligible to participate in the Union Plan as of their hire date. Employees who have reached the age of 62 are entitled to a retirement union benefit, payable monthly for life, equal to 2.13% of their average compensation for each unit of benefit credit. Average compensation is the average of the highest sixty consecutive calendar months preceding retirement or termination. Participants are credited with units of benefit credit for hours of service worked in a plan year. Benefits fully vest upon reaching 10 years of vested service. Vested employees who retire on or after age 62 will receive full benefits. Participants who have reached age 58 and have 20 years of service are entitled to an unreduced pension benefit. The monthly payment is reduced by 0.56% for each month for the first three years the early retirement date precedes the unreduced early retirement date for participants with 20 or more years of services. In addition, the monthly payment is reduced by 0.56% for each month up to a maximum of 60 months the early retirement date precedes the normal retirement date for participants with less than 20 years of service. Participants' benefits are established by the Trustees of the Union Plan.

Available historical information showing the Union Plan's progress in accumulating sufficient assets to pay benefits when due is presented in the Union Plan's financial statements. The Union Plan's financial statements may be obtained by writing the Union Plan Trustees.

#### **Funding Policy**

The Authority and Union employees are obligated to contribute to the Union Plan in accordance with requirements of the Union Collective Bargaining Agreement; regular contribution rates are actuarially determined. Union Plan members are required to contribute 5.25% of earnings; the Authority is required to contribute 9.75% of Union Plan members' earnings. The amount by which the required contribution rate exceeds the regular contribution rate in the contract is shared on the same bases as the contribution rate – 65% employer and 35% employee. Employees may elect to enhance their future benefits by up to .25% and .50% by contributing an additional 2.5% and 5.0% of earnings, respectively. Shared contributions are the amount by which the required contribution rate exceeds the regular contribution rates, which is shared as 35% employee and 65% employer in the subsequent year.

### **Annual Pension Cost and Net Pension Obligation**

The Authority's latest available union plan annual pension information, which includes costs for fiscal years 2012, 2011 and 2010 and a net pension obligation at September 30, 2012, 2011 and 2010, is as follows:

	September 30		
	2012	2011	2010
Annual required contribution	\$ 3,543,980	\$ 3,416,323	\$ 3,893,395
Interest on net pension (asset)/obligation	1,077	19,785	18,501
Adjustment to annual required contribution	(1,383)	(25,479)	(26,919)
Annual pension cost	3,543,674	3,410,629	3,884,977
Contributions made	(3,618,585)	(3,658,704)	(3,868,925)
(Decrease) increase in net pension obligation	(74,614)	(248,075)	16,052
Net pension/obligation, beginning of yr.	14,658	262,733	246,681
Net pension (asset) obligation, end of year	\$ (60,253)	\$ 14,658	\$ 262,733

The annual required contribution for fiscal year 2012 was determined as part of the October 1, 2011 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses) and (b) projected salary increases ranging from 4.00% to 13.13% per year, dependent on years of service. Both (a) and (b) included an inflation component of 3.5%. The assumptions did not include post-retirement benefit increases, which are funded by the Authority when granted. Such assumptions are subject to future changes due to certain market conditions. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level dollar amount of projected payroll on a closed basis. The remaining amortization period at September 30, 2011 was 22 years.

Three-Year Trend			
Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
9/30/12	\$ 3,543,674	102.1%	\$ (60,253)
9/30/11	\$ 3,410,629	107.3%	\$ 14,658
9/30/10	\$ 3,884,977	99.6%	\$ 262,733

### **Funded Status and Funding Progress**

The most recent actuarial report for the Union Plan was prepared as of October 1, 2011. As of this point in time, the actuarial value of the Union Plan's assets was \$87,639,137 and the actuarial accrued liability for benefits was \$93,786,097, resulting in an unfunded actuarial liability of \$6,146,960 and a funded ratio of 93.45%. The annual covered payroll was \$34,369,299 and the ratio of the funded excess to covered payroll was 17.89%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and mortality trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

***Employee 401(a) Pension Plan*** - The Authority maintains a single-employer, defined contribution pension plan, Central Florida Regional Transportation Authority Money Purchase Plan (the "Plan"), administered by The Hartford for employees who are not represented by the Union, effective October 1, 1994. The Plan is a tax-qualified plan pursuant to section 401(a) of the Internal Revenue Code. All full-time administrative employees not represented by the Union are eligible for participation in the plan, with the exception of employees hired before October 1, 1994 who opted to stay in the FRS and supervisors represented by Union 1749.

The Plan provisions provide for the Authority to contribute 12% of employee earnings; employees are not required to make contributions. All plan amendments are administered and authorized by the Plan's trustees. At the Plan's inception, employees who switched from the FRS were automatically 100% vested and all other employees are 100% vested after five years of employment with the Authority or other public service or transportation agencies. All employees may withdraw vested balances upon the normal retirement age of 65. The Plan permits withdrawals for retirement, termination, and disability but does not allow participants to borrow against their accounts.

The payroll for Authority employees covered by the plan for the years ended September 30, 2012 and 2011 was \$9,998,373 and \$9,142,063 respectively. The Authority's contribution to the plan for the years ended September 30, 2012 and 2011 amounted to \$1,166,749 and \$1,097,048 respectively, representing 12% of covered payroll less forfeitures.

## 7. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

In addition to the pension benefits described in Note 6, effective October 1, 1999, the Authority entered into a contractual agreement with Local 1596 of the Amalgamated Transit Union to provide postemployment health care benefits for those employees who, in accordance with Article 28 of the Amalgamated Transit Union Local 1596 Pension Plan, have at least ten (10) years vesting and retire between the ages of 62 and 67 or until they are eligible for Medicare benefits (whichever occurs first). Benefit provisions and contribution obligations have been established by the Authority's Board. Eligibility for retirement health care benefits will be determined by the years of credited services.

In order to comply with the requirements of GASB 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*, the Authority contracted with a certified actuarial firm to provide an actuarial valuation of postemployment benefits. The postemployment health insurance benefits will continue to be offered on a pay-as-you-go basis a percentage of the cost of the Consumer Driven Health Plan (CDHP, Employee Only) in accordance with the following schedule:

Years of Service	Contribution Rate
10-14	60% of CDHP, Employee Only
15-19	75% of CDHP, Employee Only
20+	100% of CDHP, Employee Only

Employees who elect to continue their health care coverage upon retirement are responsible for the employee and employer share over and above the previously stated contributions. Dependent coverage is available at the retiree's expense provided the retiree elects to continue health care coverage. As required by the State of Florida Statute 112.08011, the claims experience of the retirees is co-mingled with active employees in determining the health plan cost. In accordance with GASB 45, the co-mingling of claims requirements equates to an implicit subsidy to retirees that creates another postemployment benefit (OPEB) liability on the part of the Authority. Therefore, the Authority will incur a liability at the beginning of this fiscal year for the implicit rate subsidy as the Authority implements GASB 45. The Authority does not intend to fund the actuarial accrued liability.

The Authority's annual OPEB cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB 45. In the year of implementation, the net OPEB Obligation and the ARC are the same amount. The calculation produced an unfunded obligation of \$248,924. The following table shows the components of the Authority's OPEB cost for the year, the amount contributed to the plan, and changes in the Authority's net OPEB obligation at September 30, 2012, 2011 and 2010, as follows:

	September 30		
	2012	2011	2010
Annual required contribution	\$ 329,109	\$ 335,849	\$ 379,227
Interest on net OPEB obligation	29,148	19,249	9,957
Adjustment to annual required contribution	(40,519)	(26,759)	(13,842)
Annual OPEB cost	317,738	328,339	375,342
Contributions made	(83,901)	(80,873)	(143,044)
Increase in net OPEB obligation	233,837	247,466	232,298
Net OPEB obligation, beginning of year	728,688	481,222	248,924
Net OPEB obligation, end of year	\$ 962,525	\$ 728,688	\$ 481,222

As of the October 1, 2012 actuarial valuation date, the unfunded actuarial accrued liability (UAAL) was \$4,074,600. The covered payroll (annual payroll of active employees covered by the OPEB Plan) was \$38,177,711 and the ratio of the UAAL to the covered payroll was 10.7%. The Authority's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year are as follows:

<u>Year Ending</u>	<u>Annual OPEB Cost</u>	<u>Percentage of OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
September 30, 2012	\$317,738	26.4%	\$962,525
September 30, 2011	\$328,339	24.6%	\$728,688
September 30, 2010	\$375,342	38.1%	\$481,222

(A schedule of funding progress is presented on page 39.)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. (As an unfunded plan, there are no plan assets to report.)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets consistent with the long-term perspective of the calculations. The information presented in the required supplementary schedule was determined as a part of the actuarial valuation at the date indicated:

Valuation date	October 1, 2011
Actuarial cost method	Entry age normal cost
Amortization method	Level dollar/open
Remaining amortization period	30 years
Asset valuation method	Pay as you go
Actuarial assumptions:	
Projected salary increases	2.50%
Investment rate	4.0% per year
Healthcare cost trend (including 2.50% inflation)	9% initially and 4.5% ultimately, in 2014

## 8. COMMITMENTS

**Operating Lease** - Total lease expense amounted to \$164,562 and \$164,794 during the years ended September 30, 2012 and 2011, respectively.

## 9. FUEL HEDGE SWAP AGREEMENTS

The Authority first entered into diesel fuel hedge swap agreements (“swaps”) during fiscal year 2011 in order to smooth out the fluctuation in diesel fuel cost and to set predetermined upper limits with respect to the cost of diesel fuel. Eight swaps have occurred through September 30, 2012 as follows:

Trade Date	Effective Date	Total Quantity - Gallons	Fixed Price Per Gallon
05/15/12	10/01/12 – 09/30/13	840,000	\$3.0125
05/17/12	10/01/12 – 09/30/13	840,000	\$2.9400
06/29/12	10/01/12 – 09/30/13	756,000	\$2.3800
06/29/12	10/01/12 – 09/30/13	1,104,000	\$2.7300

Trade Date	Effective Date	Total Quantity - Gallons	Fixed Price Per Gallon
05/03/11	05/01/11 – 10/31/11	720,000	\$3.3160
05/06/11	05/06/11 – 10/31/11	360,000	\$3.0050
05/06/11	11/01/11 – 09/30/12	1,430,000	\$3.0420
09/23/11	11/01/11 – 09/30/12	770,000	\$2.8900

Settlements with the counterparty are made monthly based on the difference between the number of gallons hedged at the fixed price and the number of gallons hedged at the average price per gallon based on the Gulf Coast Ultra Low Sulfur Diesel Platts U.S. Index (“Platts”). If the Platts price is higher than the fixed price the counterparty pays the Authority a settlement amount and if the fixed price is higher than the Platts price the Authority pays the counterparty. The Authority is exposed to basis risk on the swaps if the index on which fuel is purchased differs from the Platts index specified in the related fuel hedge agreements. During fiscal year 2012, the Authority purchased all diesel fuel from vendors using the Platts index.

The Authority is also exposed to rollover risk on the swaps to the extent that the maturities of fuel hedges differ from the timing of fuel purchases. To the extent there are timing differences, the Authority is re-exposed to the fuel price risks being hedged.

The swaps are considered effective hedges at September 30, 2012 under the dollar-offset method, which compares the changes in expected cash flows of the hedging instruments to the cash flows of the diesel fuel subjected to hedge. Accordingly, the swaps are presented at estimated fair value on the balance sheet, with \$744,896 as a deferred outflow of resources and derivative financial instrument on the balance sheet at September 30, 2012. The estimated fair value of the swaps is determined based on contracted strike prices and applicable futures prices at September 30, 2012, and these values represent the change in fair value of the swaps during the fiscal year.

## 10. LITIGATION

The Authority is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operation, most of which are covered by the self-insurance program discussed in Note 5. In the opinion of management, any adjustments that would result from the settlement of lawsuits and other claims would not be significant.

## REQUIRED SUPPLEMENTARY INFORMATION

### UNION PENSION PLAN

#### Schedule of Funding Progress

	<b>Valuation Dates, October 1</b>		
	<u>2011</u>	<u>2010</u>	<u>2009</u>
Actuarial value of assets	\$ 87,639,137	\$ 82,509,177	\$ 76,104,519
Actuarial accrued liability	<u>93,786,097</u>	<u>87,832,036</u>	<u>82,844,514</u>
Unfunded actuarial liability	\$ 6,146,960	\$ 5,322,859	\$ 6,739,995
Funded Ratio	93.45%	93.94%	91.86%
Annual covered payroll	\$ 34,369,299	\$ 35,059,922	\$ 35,815,773
Unfunded actuarial liability as a percent of annual covered payroll	17.89%	15.18%	18.82%

#### Actuarial and Benefit Changes

Changes in benefit provisions for the Union Pension Plan during prior fiscal years were as follows:

Effective October 1, 2004, the Board of Trustees adopted several economic and demographic assumption changes based on the Five Year Experience Study issued November 2004. The combined changes caused the employer contribution to change from \$3,060,496 to \$3,056,186. Also, effective October 1, 2004, required employer contributions in excess of 9.75% of payroll will be shared between employer (65%) and employees (35%) beginning October 1, 2005.

Effective November 9, 2004, amendment No. 4 allows a spouse to waive the joint and survivor form of annuity. Also, effective November 9, 2004, amendment No. 5 provides for an additional level of enhanced benefits. Members elect to receive an additional .25% of final average compensation for service during which they contribute an additional 2.5% of pay as a member contribution. This enhanced benefit is in addition to the previous enhanced benefit available. There is no impact on the plan. The increased member contribution supports the increased benefits.

Effective May 10, 2005, amendment No. 6 makes changes in the administration of disability pension benefits.

Effective for the contribution year beginning October 1, 2007 the mortality rates were updated to the 1994 Group Annual Mortality (GAM), eliminating the one year set ahead for males, and revised results from October 1, 2002 forward to hold a payable amount for Share Accounts.

# STATISTICAL INFORMATION

This section contains statistical tables reflecting various supplemental financial data concerning the Authority's operations. Where applicable, a 10-year history has been depicted to disclose trends in financial operations and other finance-related matters. These tables have been included as a part of this report for information purposes only, and, therefore, have not been subjected to audit by the Authority's independent auditors. Below is a summary of the components and purpose for the tables provided here-in.

	<u>Pages</u>
<b><u>Debt Capacity</u></b>	
This schedule presents information to help the reader assess the ability of LYNX to service its outstanding debt.	45
<b><u>Revenue Capacity</u></b>	
These schedules contain information to help the reader assess LYNX' most significant revenue sources.	46-48
<b><u>Financial Trends</u></b>	
These schedules contain trend information to help the reader understand how LYNX' financial performance and financial position have changed over time.	43-44, 49-51, 59-61
<b><u>Demographic and Economic Information</u></b>

For the past 10 years the chart shows the change in net assets each year versus the immediately preceding year. Since fiscal 2003, net assets year over year increased every year peaking in fiscal year 2006 at \$22.6 million. The design, development and construction of the new LYNX Central Station (LCS) and LYNX Operations Center (LOC), as well as the acquisition of rolling stock and other capital assets caused a steep rise from fiscal year 2003, continuing through fiscal year 2006, with a decline in fiscal year 2007 with the completion of construction at the LOC. The increase each fiscal year after fiscal year 2007 was relatively modest compared to fiscal year 2006. The 3.5 million decrease in fiscal year 2012 was below that of fiscal year 2011 due mainly to the completion of passenger amenities constructed with ARRA funds.

This chart compares Total Assets, Total Liabilities, and Net Assets values over the last 10 years. Total Assets increased 140% during this period as the Authority expanded service, acquired new rolling stock, developed land, and constructed the LYNX Central Station and LYNX Operations Center. Total Liabilities at the end of fiscal year 2012 are 64% higher than at the end of fiscal year 2003. The increase is due mainly to additional State Infrastructure Bank loans taken in fiscal years 2004 and 2006, and a 2007 lease agreement. Net Assets increased every year, except for fiscal years 2003 and 2012; at \$156.5 million as of this fiscal year end they are 168% greater than at the end of fiscal year 2003.

2008	\$21.661	\$20.179	\$41.840	\$51.997	\$12.077	\$64.074	\$105.914
2009	\$21.454	\$20.790	\$42.244	\$55.466	\$14.509	\$69.975	\$112.219
2010	\$22.363	\$20.800	\$43.163	\$51.684	\$15.917	\$67.601	\$110.764
2011	\$26.098	\$20.661	\$46.759	\$48.370	\$19.031	\$67.401	\$114.160
2012	\$28.620	\$18.047	\$46.667	\$48.521	\$19.678	\$68.199	\$114.866

The table and graph show the primary sources of revenues, the amount received from each source over the last ten years and, consequently, the Authority's relative dependency on each of the revenue sources. Local and state governments have consistently been the biggest providers of operating funds. Fares increased in 2012 due to greater ridership; fares were up 9.6% compared to 2011. Although the increase in local & state revenues and federal assistance offset the decrease in other revenues from 2011, total revenues were higher due to the increase in fares. The local and state economies remained sluggish throughout 2012. In 2012 federal revenue continued its increasing trend amounting to 17.1% of LYNX's total revenue versus 16.7% in 2011.

The table and graph show the amount of each standard fixed-route fare type by year. In keeping with the Authority's commitment to keep fares as low as fiscally feasible and to make relatively small rate increases periodically, no fare rate increases were made in 2012. In 2012 customer fares were approximately 61% of operating revenues and 24.9% of total revenues. The last increase was implemented in January 2009.

**Farebox Recovery Percentage  
Last Ten Years  
(Unaudited)**

Fiscal Year	Percentage
2003	19%
2004	18%
2005	20%
2006	21%
2007	20%
2008	20%
2009	20%
2010	21%
2011	24%
2012	26%

Farebox Recovery Percentage is the percentage of the total operating cost that is funded by customer fares. It is calculated by dividing total customer fares by total operating cost before depreciation. Beginning with 2003 the recovery rate has remained fairly constant varying by approximately 1% from year to year. The 2012 rate was 2% higher than 2011 and 7% above the 2003 level. The 2012 increase is due mainly to higher ridership.

**Budgeted Staffing Trends**

**Last Ten Years**

(Unaudited)

Year	Transportation	Maintenance	Administrative and General	Total
2003	597	183	154	934
2004	600	184	155	939
2005	600	193	156	949
2006	585	182	168	935
2007	639	204	168	1,011
2008	656	195	170	1,021
2009	641	197	137	975
2010	653	199	137	989
2011	653	199	139	991
2012	693	198	148	1,039

The greatest fluctuation during the 10-year period was in the Transportation area with 2012 staffing approximately 5.3% above the peak level of the 10-year period shown above. Staffing level increased as a result of increase in service demand. Despite the Transportation staff increase, the organization wide total from year to year varied less than 11.2% with an overall increasing trend.

**CENTRAL FLORIDA REGIONAL TRANSPORTATION AUTHORITY d/b/a  
LYNX  
Median Household Income by Service County  
Last Ten Years  
(Unaudited)**

<b>Year</b>	<b>Orange County</b>	<b>Seminole County</b>	<b>Osceola County</b>
2003	40,241	50,960	30,699
2004	44,456	52,881	41,250
2005	45,330	53,675	41,872
2006	46,963	56,072	43,336
2007	51,188	59,354	46,890
2008	52,062	61,378	47,228
2009	52,130	61,374	47,244
2010	52,232	58,703	48,942
2011	52,624	60,210	48,367
2012	51,338	59,609	47,386

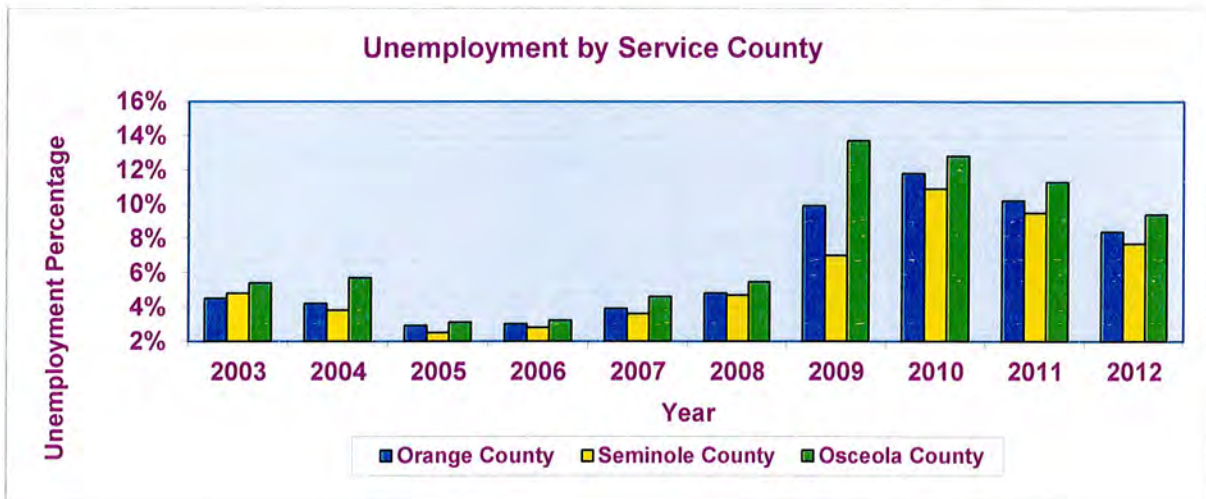

Median household income is useful in public transportation planning because it is one determinant of the need for, and probability of use, of public transportation. The lower the median income the greater, in most cases, will be the need for, and use of, public transportation. Overall the tri-county area median income decreased from 2011.

**Unemployment by Service County  
Last Ten Years  
(Unaudited)**

<b>Year</b>	<b>Orange County</b>	<b>Seminole County</b>	<b>Osceola County</b>	<b>Region Average</b>
2003	4.5%	4.8%	5.4%	4.5%
2004	4.2%	3.8%	5.7%	4.2%
2005	2.9%	2.5%	3.1%	3.0%
2006	3.0%	2.8%	3.2%	3.1%
2007	3.9%	3.6%	4.6%	3.3%
2008	4.8%	4.7%	5.5%	5.0%
2009	9.9%	7.0%	13.7%	10.2%
2010	11.8%	10.9%	12.8%	11.8%
2011	10.2%	9.5%	11.3%	10.3%
2012	8.4%	7.7%	9.4%	8.4%

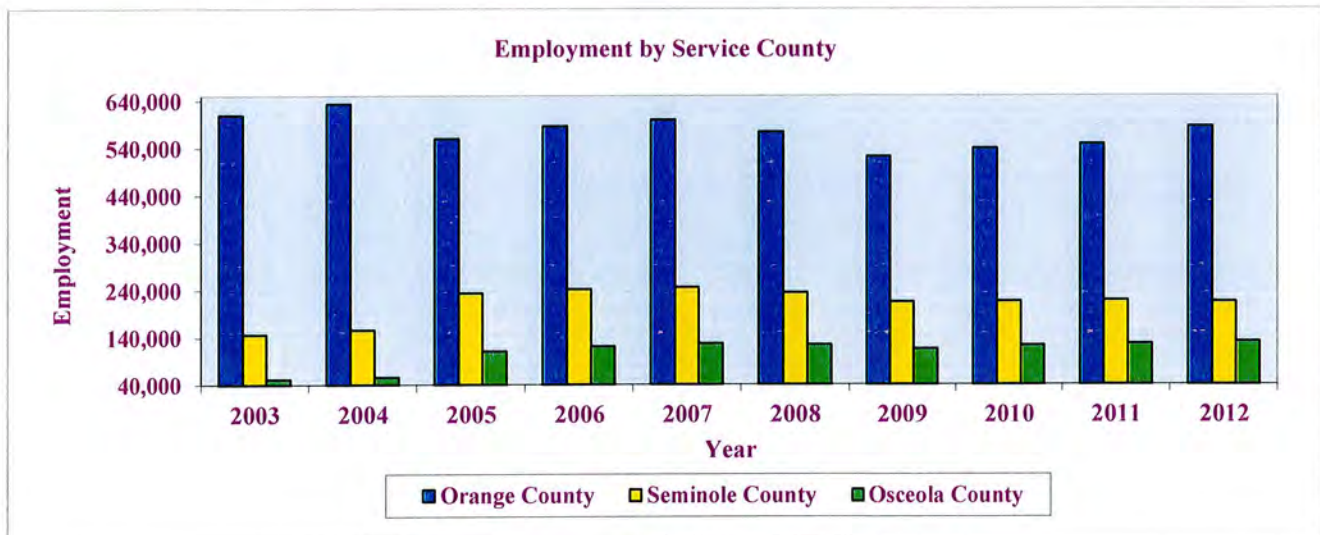

Employment and Unemployment trends are useful in the analysis of the economic vitality of a local economy. The availability of public transportation removes transportation barriers to employment, a factor which contributes to the continued need for public transportation. The yearly percentages by county are annual averages, non-seasonal based. The tri-county average for fiscal year 2012 was 8.4%, with Osceola at 9.4% having the highest unemployment. On the favorable side, each service county posted a decline in unemployment compared to 2011.

2010	539,404	216,202	122,843	878,449
2011	547,816	218,049	126,431	892,296
2012	585,472	215,521	131,146	932,139

The tri-county area has experienced growth in employment every year, except for 2003, from 2003 through 2007. There was a decline in 2008 and again in 2009 due to the recession that began in 2008. Recovery has been slow and painful, with 2012 being only 4.46% above the depressed level of 2011 and 9.3% above the 2009 level. Hardest hit was Seminole County, where employment in 2012 was still 12.3% below the peak reached in 2007.

2011	\$37.8	\$36.8	\$23.5	\$12.5	\$18.2	\$128.8
2012	\$38.4	\$38.0	\$23.4	\$12.2	\$19.1	\$131.1

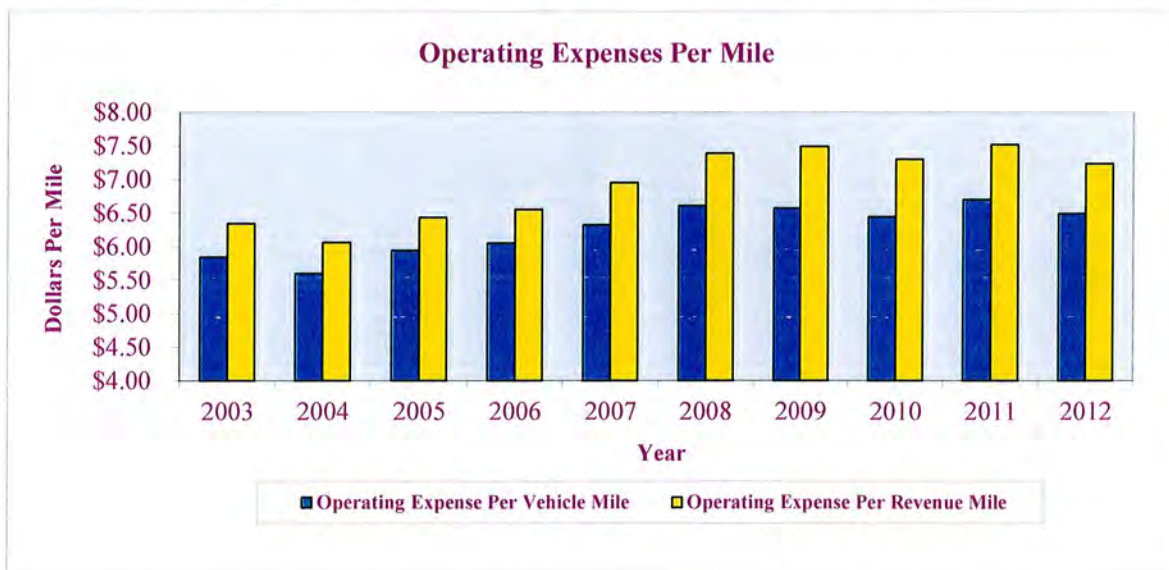

This table and graph show operating expenses by function for the last ten years. Total operating expenses for 2012 are 43.6 % greater than 2003. Maintenance expenses in 2012 are 130.3% over the 2003 level; the greatest increase is due to increased demand for maintenance services resulting from an expanded revenue vehicles fleet and completion of office and maintenance facilities during the last 10-year period. Depreciation costs rose 112.2% over the same period due to acquisition of new vehicles, development of real estate, and completion of new office and maintenance buildings at the LOC in 2007 and 2008. Transportation expenses increased each year through 2008 due mainly to expanded service routes. Efficiencies resulting mainly from route elimination and rearrangement lead to a decrease in the transportation cost beginning 2009. General and Administrative costs have fluctuated during the period reaching a peak in 2003 and decreased from 2009 through 2012 due to reduction in staffing level.

2005	14,488,566	13,398,280	5.94	6.43
2006	14,726,834	13,593,266	6.05	6.55
2007	15,475,289	14,072,186	6.32	6.95
2008	16,739,475	14,985,672	6.61	7.39
2009	16,215,911	14,230,128	6.57	7.49
2010	16,570,711	14,612,279	6.44	7.30
2011	16,503,043	14,714,555	6.70	7.52
2012	17,258,824	15,487,372	6.49	7.23

The table and graph show total miles and operating expenses per mile by year for the past ten years. These provide, directly and indirectly, some key operational indicators such as efficiency in use of operating assistance funding and the quality of the maintenance program. There was a steady increase in Revenue Miles and Vehicles Miles until 2009 when service was reduced due to budgetary constraints. The increase in Operating Expense Per Revenue Mile is reflective of increase in cost for material and services without a corresponding increase in miles and ridership. In 2012 the decrease in Operating Expense Per Vehicle Mile and Revenue Mile is due mainly to decreases in fuel prices. The ratio of Revenue Miles versus Vehicle Miles represents the level of service miles delivered to patrons versus the total level of miles required to service all routes.

1. The Schedules of Expenditures of Federal Awards and Local and State Financial Assistance are prepared on the accrual basis of accounting.
2. All grants subject to the Florida Single Audit Act are included in the Schedule of State Financial Assistance.
3. The Authority utilized state toll revenue credits received from the Florida Department of Transportation under the following awards to satisfy federal and state matching requirements:

<u>Grant</u>	<u>Award Amount</u>	<u>Toll Revenue Credits Applied during Fiscal 2012</u>
FL-04-0052	\$ 5,903,200	\$ 51,510
FL-04-0112	1,149,050	13,630
FL-04-0116	5,565,528	292,563
FL-04-0161	2,050,000	979
FL-15-X005	2,071,000	-
FL-90-X454	21,329,471	7,449
FL-90-X653	21,038,123	293,296
FL-90-X688	22,317,593	587,581
FL-90-X726	22,243,009	245,165
FL-90-X773	20,549,869	3,440,444
FL-90-X789	20,903,149	567,571
FL-95-X026	6,013,990	347,963
FL-95-X054	6,025,050	1,155
FL-95-X060	8,767,706	53,440
<b>Total</b>	<b>\$ <u>165,926,738</u></b>	<b>\$ <u>5,902,746</u></b>

4. Contract services presented on the Schedule of Local Financial Assistance include only those services provided to local governmental units.

**DRAFT**

**Report of Independent Auditor on Internal Control over  
Financial Reporting and on Compliance and Other Matters Based on an  
Audit Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of  
Central Florida Regional Transportation Authority:

We have audited the financial statements of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority"), as of and for the years ended September 30, 2012 and 2011, and have issued our report thereon dated April 3, 2013. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

**Internal Control over Financial Reporting**

Management of the Authority is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audits, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designated to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**DRAFT**

We noted certain other matters that we have reported to management in a separate management letter dated April 3, 2013.

This report is intended solely for the information and use of the Authority's Board of Directors, management, and applicable federal and state agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Orlando, Florida  
April 3, 2013

**DRAFT**

**Report of Independent Auditor on Compliance with Requirements  
That Could Have a Direct and Material Effect on Each Major Federal  
Awards Program and State Financial Assistance Project and on Internal  
Control Over Compliance in Accordance with OMB Circular A-133 and  
Chapter 10.550, *Rules of the Auditor General***

To the Board of Directors  
Central Florida Regional Transportation Authority:

***Compliance***

We have audited the compliance of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' State Projects Compliance Supplement, that are applicable to each of its major federal programs and state financial assistance projects for the year ended September 30, 2012. The Authority's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs and state financial assistance projects is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Chapter 10.550, *Rules of the Auditor General*. Those standards, OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal awards program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal awards programs and state financial assistance projects for the year ended September 30, 2012.

**DRAFT*****Internal Control over Compliance***

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal awards programs and state financial assistance projects. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal awards program or state financial assistance project to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of the Board of Directors, management and applicable state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties.

**Part I - Summary of Auditor's Results (continued)**

**Federal Awards and State Projects Section (continued)**

Identification of major federal programs and state projects:

Federal Programs:

Name of Program or Cluster	CFDA Number
Federal Transit Cluster	20.500/507

State Projects:

Name of Project	CSFA Number
Public Transit Block Grant	55.010
Commission for the Transportation Disadvantaged (CTD)	55.001

Dollar threshold used to determine Type A programs:

Federal	\$ 934,162
State	\$ 362,263

Auditee qualified as low-risk auditee for federal purposes?  yes  no

SCHEDULE OF FINDINGS AND QUESTIONED COSTS -  
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

FOR THE YEAR ENDED SEPTEMBER 30, 2012

---

**Part II - Schedule of Financial Statement Findings**

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards*.

**Part III - Federal Award Findings and Questioned Costs**

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major federal programs, as required to be reported by Section 510(a) of OMB Circular A-133.

There were no findings required to be reported by Section 510(a) of OMB Circular A-133.

**Part IV - State Project Findings and Questioned Costs**

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major state projects, as required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

There were no findings required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

76 **CENTRAL FLORIDA REGIONAL TRANSPORTATION AUTHORITY d/b/a  
LYNX**  
SCHEDULE OF PRIOR AUDIT FINDINGS AND CORRECTIVE ACTION PLAN  
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

*FOR THE YEAR ENDED SEPTEMBER 30, 2012*

---

**DRAFT**

**Prior Year Audit Findings:**

The Authority had no prior year findings related to the testing of its federal awards programs or state financial assistance projects.

**Corrective Action Plan:**

There were no audit findings in the current year report of independent auditor that required corrective action.

### Independent Auditor's Management Letter

To the Board of Directors  
Central Florida Regional Transportation Authority:

We have audited the financial statements of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority") as of and for the years ended September 30, 2012 and 2011, and have issued our report thereon dated April 3, 2013.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, Rules of the Florida Auditor General. We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance in Accordance with OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*; and Schedule of Findings and Questioned Costs – Federal Awards Programs and State Financial Assistance Projects. Disclosures in those reports and schedule, which are dated April 3, 2013, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, *Rules of the Auditor General*, which governs the conduct of local government entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditors' reports or schedule.

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires our audit to include a review of the provisions of Section 218.415, *Florida Statutes*, regarding the investment of public funds. In connection with our audit of the financial statements of the Authority, the results of our tests did not indicate that the Authority was in noncompliance with Section 218.415 regarding the investment of public funds.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that we address violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

# DRAFT

Section 10.554(1)(i)5., *Rules of the Auditor General*, provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) deficiencies in internal control that are not significant deficiencies. Reference to a matter is provided in Appendix A. We did not audit the response to our recommendation, which is also provided in Appendix A, and, accordingly, we express no opinion on it.

Section 10.554(1)(i)6., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in the management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in the notes to the financial statements.

Section 10.554(1)(i)7.a., *Rules of the Auditor General*, requires a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and identification of the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*. However, our audit does not provide a legal determination on the Authority's compliance with this requirement.

Section 10.554(1)(i)7.b., *Rules of the Auditor General*, requires that we determine whether the annual financial report for the Authority for the fiscal year ended September 30, 2012, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), *Florida Statutes*, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2012. In connection with our audit, we determined that these two reports were in agreement.

Pursuant to Sections 10.554(1)(i)7.c. and 10.556(7), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment procedures disclosed no deteriorating financial conditions.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Orlando, Florida  
April 3, 2013

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2012

**DRAFT**

---

## CURRENT YEAR OBSERVATION AND RECOMMENDATION

### National Transit Database Report

**Statement of Condition 2012-01:** During our procedures related to the National Transit Database ("NTD") report, LYNX submitted numerous forms for our review that contained errors and required revisions.

**Criteria:** LYNX is responsible for implementing a system of internal controls that will prevent and detect errors in the NTD report.

**Cause:** Spreadsheets used to track data for manual input into the NTD forms contained errors in formulas and were not reviewed by the NTD Reporting Agent, resulting in failure to detect the errors before being input into the NTD forms. In addition, insufficient communication between the department responsible for collecting the data and the department responsible for reporting the data led to information being omitted or incorrectly reported.

**Effect:** Proper reporting of NTD data is required by the Federal Transit Administration and is used in a formula by the Federal Transit Administration to provide funding to LYNX. If the data is reported inaccurately, the Federal Transit Administration could modify funding to LYNX in the future.

**Recommendation:** Properly formatted spreadsheets and proper communication between departments that support the NTD forms should be utilized to prevent errors from being reported. Supervisory review and approval of NTD data on the spreadsheets prior to submittal to the NTD Reporting Agent should be properly implemented to detect potential errors. The NTD Reporting Agent should properly review the forms and support prior to input on the NTD website to ensure the data that is uploaded is properly reported on all the forms.

### Management's Response:

Management concurs with the issues identified in the Management Letter Comments and agrees with the recommendations. The following steps will be taken to ensure better internal controls within LYNX in the NTD annual report submittal:

1. Service Planning, Transportation, Communications and Access LYNX staff responsible for generating annual NTD data for motorbus, rapid bus, vanpool and paratransit (includes NeighborLink) services shall provide verification that source documents for NTD reports are reviewed and said review verified by signature of the General Manager or their designee prior to input on the NTD website.
2. Service Planning, Transportation, Communications and Access LYNX staff responsible for generating annual NTD data for motorbus, rapid bus, vanpool and paratransit (includes NeighborLink) services shall ensure that processes in place are followed for recording data on a continuing basis in accordance with FTA definitions, data gathering is an ongoing effort and that data summaries for completeness, accuracy and reasonableness are performed on a continuing basis, at various times during the year.
3. Service Planning, Transportation, Communications and Access LYNX staff responsible for generating annual NTD data are properly trained and versed on NTD reporting requirements.
4. A technical working group of Service Planning, Transportation, Communications and Access LYNX staff responsible for generating annual NTD data shall be put in place to insure continuing communication between all staff participating in the development and review of NTD spreadsheets.

**DRAFT**

April 3, 2013

To the Board of Directors of  
Central Florida Regional Transportation Authority:

We have audited the financial statements of Central Florida Regional Transportation Authority d/b/a LYNX (the "Authority") for the years ended September 30, 2012 and 2011, and have issued our report thereon dated April 3, 2013. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 19, 2012. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Findings**

#### ***Qualitative Aspects of Accounting Practices***

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Authority are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended September 30, 2012. We noted no transactions entered into by the Authority during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Management's estimate of depreciation is based, on estimated useful lives of associated capital assets. Management's estimates of the liabilities for self-insurance unpaid claims, net pension obligation and net other postemployment benefits obligation are based on actuarial calculations. Management's estimate of the fuel hedge swap fair value is based on futures prices for respective months covered by the swap agreements. We evaluated the key factors and assumptions used to develop these estimates to determine their reasonableness in relation to the respective financial statements to which they related for the year ended September 30, 2012, taken as a whole.

#### ***Difficulties Encountered in Performing the Audit***

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### ***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements.

#### ***Disagreements with Management***

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

**DRAFT**

***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated April 3, 2013.

***Management Consultations with Other Independent Accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

***Other Audit Findings or Issues***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

***Other Matters***

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for use by the Board of Directors and management of Central Florida Regional Transportation Authority and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

**Cherry Bekaert LLP**

Work Session Item #8.A

**To:** LYNX Board of Directors

DIRECTOR OF FINANCE  
**Leonard ANTMANN**  
(Technical Contact)  
**Salawu Ajala**  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6100

**Item Name:** Overview of Fiscal Year 2014 Preliminary Operating Budget

**Date:** 4/11/2013

---

**BACKGROUND:**

On January 31, 2013, staff presented a list of budget assumptions and the budget calendar to LYNX' Audit Committee for discussion and input. The FY2014 Preliminary Operating Budget was prepared based on the following key assumptions:

- FY2014 Funding based on LYNX Adopted Funding Model
- Maintain current Preventative Maintenance funding level
- Maximize current service levels through efficiencies
- Apply additional Flex (NeighborLink) services, where appropriate
- Assess impacts of legislative changes to Medicaid (?)
- Fare increase in FY2014 (?)
- Maximize utilization of JARC/NFP funds
- No salary increases
- Full year effects of LYNX' New Group Health Insurance Program
- Impact of year two Union wage re-opener (?)
- Impact of pension reform continuation rate (?)
- Continuation of Fuel Hedging Program
- Continued application of reductions based on LYNX ownership of paratransit vehicles

## OVERVIEW:

The FY2014 Preliminary Operating Budget totals \$124,796,817 in revenues and \$124,796,817 in expenses. The Preliminary Operating Budget is funded by a combination of LYNX - generated revenue and federal, state and local dollars. These funds are used to fund personnel expenses, services, materials, supplies, taxes, utilities, casualty and liability expenses, purchased transportation expenses, leases and miscellaneous expenses. Again, this preliminary budget does not include a fare increase, additional Preventative Maintenance funding, ARRA funding, or the utilization of reserves.

Specifically, this budget includes funds from the following sources:

<b>Revenues:</b>	
Fund Balance	\$ 144,649 *
Customer Fares	29,429,794
Contract Services	11,034,191
Advertising on Buses	1,730,000
Interest & Other Income	492,099
Local	53,482,150
State	11,225,104
Federal	17,258,830
<b>Total Revenues</b>	<b><u>\$124,796,817</u></b>

*\*Use of prepaid funding from Osceola County for new Service Development route.*

The funds are programmed to fund the following types of expenses:

<b>Expenses:</b>	
Salaries & Wages & Fringe	\$ 65,626,301
Other Services	9,658,173
Fuel	16,289,360
Materials & Supplies	8,139,493
Utilities	1,401,578
Casualty & Liability	1,397,267
Taxes & Tags	432,141
Purchased Transportation	20,863,426
Miscellaneous	807,958
Interest & Leases	181,120
<b>Total Expenses</b>	<b><u>\$124,796,817</u></b>

Based on discussions with the LYNX Board of Directors, County and City Commissioners, and staff, LYNX is resuming the utilizing of its funding model to allocate each jurisdiction's share of

the costs of operations in FY2014. Through use of the model, LYNX is able to properly fund its operation and the cost of services is appropriately distributed based on service supplied.

As a result of utilizing the funding model, the FY2014 local funding amounts have increased by 19.3%, as follows:

<b>LYNX</b>				
<b>FY2014 Preliminary Local Funding</b>				
	<b>Preliminary Regional Model Need for FY2014</b>	<b>Amended Local Funding FY2013</b>		
<b>Orange County</b>	\$ 35,644,169	\$ 33,583,056		6.1%
<b>Osceola County</b>	5,776,072	4,554,824	*	26.8%
<b>Seminole County</b>	5,920,884	4,083,948		45.0%
<b>City of Orlando</b>	3,864,624	3,482,292		11.0%
<b>City of Orlando - LYMMO</b>	1,883,055	1,231,575	**	52.9%
<b>St. Cloud</b>	161,999	161,999		0.0%
<b>Altamonte Springs</b>	120,900	120,900		0.0%
<b>Sanford</b>	93,000	93,000		0.0%
<b>Volusia Express</b>	162,096	170,752		-5.1%
<b>Lake County</b>	-	239,110		-100.0%
<b>Subtotal</b>	<b>\$ 53,626,799</b>	<b>\$ 47,721,456</b>		<b>12.4%</b>
<b>Capital Contributions</b>	\$ 2,113,746	\$ (1,005,094)	***	
<b>Subtotal</b>	<b>\$ 2,113,746</b>	<b>\$ (1,005,094)</b>		
<b>Total Local Funds</b>	<b>\$ 55,740,545</b>	<b>\$ 46,716,362</b>		<b>19.3%</b>

*\*Includes prepaid funding from Osceola County for new Service Development route in the amount of \$275,630.*

*\*\*Includes anticipated funding for East/West and Parramore LYMMO Bus RapidTransit Expansion in the amount of \$510,701.*

*\*\*\*Orange County operating funding converted to capital to support the 21 Bus Lease. Funded with \$2 Capital in FY2014.*

In order to be proactive, LYNX staff has included approximately \$350,061 in feeder services funded by the Florida Department of Transportation (FDOT) and \$363,910 in other operating expenses to support SunRail in FY2014. Also, LYNX staff has included approximately \$1,945,000 in facility maintenance operating expenses to support the federal commitments to

ensuring safe, efficient, and reliable public transit system. These initiatives meet the Moving Ahead for Progress in the 21<sup>st</sup> Century (MAP 21) federal requirements. The Federal Transit Administration encourages programming federal funds to maintain transit assets in a “State of Good Repair”. As such, these expenses are funded 100% with federal funds.

## **CONCLUSION:**

LYNX’ staff will be seeking direction from the Board to finalize the FY2014 Operating Budget. Based on the Board’s direction, the FY2014 budget will be updated as necessary.

In accordance with the FY2014 budget calendar the proposed FY2014 budget will be presented to the funding partners. After which, the FY2014 budget will be presented to the Board of Directors for final consideration and approval in September of 2013.

# FY2014 Preliminary Operating Budget

Presented to the  
LYNX Board of Directors

April 11, 2013

# Key Budget Assumptions - Overall

- FY2014 Funding based on LYNX Adopted Funding Model
- Maintain current Preventative Maintenance funding level
- Maximize current service levels through efficiencies
- Apply additional Flex (NeighborLink) services, where appropriate
- Assess impacts of legislative changes to Medicaid (?)

# Key Budget Assumptions - Revenue

- Fare increase in FY2014 (?)
- Maximize utilization of JARC/NFP funds

# Key Budget Assumptions - Expenses

- No salary increases
- Full year effects of LYNX' New Group Health Insurance program
- Impact of year two Union wage re-opener (?)
- Impact of pension reform contribution rate (?)

# Key Budget Assumptions - Expenses

- Continuation of Fuel Hedging Program
- Continued application of reductions based on LYNX ownership of paratransit vehicles

# Board Action Requested

LYNX staff will be seeking direction from the Board regarding the FY2014 Operating Budget. After Board direction, the proposed budget will be submitted to the funding partners for their consideration.

**Monthly Report A: Financial Reports**

**To:** LYNX Board of Directors

**From:** Blanche Sherman  
DIRECTOR OF FINANCE  
Patricia Bryant  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6100

**Item Name:** Monthly Financial Reports - February 28, 2013

**Date:** 4/11/2013

---

Please find attached the monthly financial report for the five months ending February 28, 2013. LYNX' Balance Sheets, Statement of Revenues, Expenses, and Changes in Net Assets (Operating Statement) for the five months ending February 28, 2013 reflect total revenue earned in the amount of \$47,819,914 and total expenses incurred in the amount of \$46,674,383 resulting in a net operating profit of \$1,145,531.

- Fixed route, Vanpool, and NeighborLink services resulted in an operating profit of \$880,487 for the five months of the fiscal year.
- Paratransit services resulted in an operating profit of \$265,044 for the five months of the fiscal year.

**Fixed Route Operations:**

The year-to-date Operating Revenues are higher than the budget at 109%. Customer fares are at 111% of the budgeted amount year-to-date, and are 97% of the budgeted amount for the month of February. LYNX' ridership continues to increase into the new fiscal year. Ridership is up by 3.4 % year-over-year as of February 28, 2013. If this trend continues, LYNX' ridership will reflect a greater increase for the new fiscal year.

LYNX has experienced a significant increase in advertising revenue for the month of February 2013 and year-to-date is higher than anticipated. Actual revenues through February 2013 for advertising on buses, shelters, and in-kind (trade) transactions are \$872,430, \$1,022, and \$0-, respectively. Direct Media's staff continue to enhance LYNX' advertising program and to increase the advertising revenue stream. Direct Media's sales staff is actively seeking new clients and working with existing clients to offer an attractive and affordable advertising program.

In an attempt to stabilize fuel cost in the future, LYNX' staff entered into a fuel hedging arrangement with Merrill Lynch Commodities, Incorporated. During the month of February 2013, LYNX locked in one hundred and seven percent (107%) of the total monthly purchases, resulting in cap (LYNX locked) prices lower than the future (float) prices. At this time, LYNX is 5% below the budget year-to-date, primarily due to fuel hedging gains in the amount of

\$224,113 and less than anticipated fuel consumption. In the month of February, LYNX paid an average price of \$3.34 (net) per gallon for diesel fuel and \$3.38 (net) per gallon for bio-diesel, less fuel hedging gains which is lower than the budgeted price of \$3.17 (net). The national diesel fuel price for the month of February 2013 was \$3.78 (net), which is an indication of potential increases in the price of fuel for LYNX throughout the year. LYNX is currently \$294,332 under the budget for the fiscal year.

LYNX' staff proactively seeks ways to maximize operational efficiencies and improve services. As a result, fixed route operating expenses for salaries, wages, and fringe benefits are under budget due to various vacancies, and less vacation, sick, and holiday pay than anticipated as of February 28, 2013. In addition, expenses related to security, contact maintenance services, leases, and other miscellaneous expenses are less than budgeted.

Professional services related to various planning projects and other training grant programs are also less than anticipated. Casualty and liability insurance expenses are under budget due to the timing of the settlement of several outstanding claims anticipated for the year.

**Paratransit Operations:**

The operating profit from Paratransit operations is related to higher than anticipated customer fares and contract revenue as of February 2013. Although the unleaded fuel consumption for the month is higher than the budgeted as of February 2013 due to the increase in revenue hours, the fuel cost is less than anticipated due to the fuel hedging gains in the amount of \$93,536 earned year-to-date. LYNX locked in sixty-eight percent (68%) of the total monthly purchases, resulting in cap (LYNX locked) prices lower than the future (float) prices. The fuel is budgeted at a net price of \$3.09 (net) per gallon in the FY2013 budget. LYNX is currently paying \$3.03 (net) per gallon. The national unleaded fuel price for the month of February 2013 was \$3.41 (net). This is an indication of an anticipated increase in the price of fuel for LYNX throughout the year. Also, the year-to-date purchased transportation costs are higher than the amounts budgeted due to higher trip costs. An analysis follows:

<b>ACCESS LYNX</b>			
<b>FY2013</b>	<b>Trips (Year-to-Date)</b>	<b>Blended Trip Rate</b>	<b>Costs</b>
<b>Actual (with est.)</b>	<b>284,233</b>	<b>\$27.38</b>	<b>\$7,784,445</b>
<b>Budget (rounding)</b>	<b>286,625</b>	<b>\$24.59</b>	<b>\$7,048,270</b>
<b>Excess Trips/Costs</b>	<b>(2,392)</b>	<b>\$ 2.79</b>	<b>\$ 736,175</b>

**Monthly Report B: Financial Reports**

**To:** LYNX Board of Directors

**From:** Blanche Sherman  
DIRECTOR OF FINANCE  
Patricia Bryant  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6100

**Item Name:** Monthly Financial Reports - January 31, 2013

**Date:** 4/11/2013

---

Please find attached the monthly financial report for the four months ending January 31, 2013. LYNX' Balance Sheets, Statement of Revenues, Expenses, and Changes in Net Assets (Operating Statement) for the four months ending January 31, 2013 reflect total revenue earned in the amount of \$38,249,803 and total expenses incurred in the amount of \$37,515,545 resulting in a net operating profit of \$734,258.

- Fixed route, Vanpool, and NeighborLink services resulted in an operating profit of \$568,786 for the four months of the fiscal year.
- Paratransit services resulted in an operating profit of \$165,472 for the four months of the fiscal year.

**Fixed Route Operations:**

The year-to-date Operating Revenues are higher than the budget at 110%. Customer fares are at 114% of the budgeted amount year-to-date, and are 123% above the budget amount for the month of January. LYNX' ridership continues to increase into the new fiscal year. Ridership is up by 4.0 % year-over-year as of January 31, 2013. If this trend continues, LYNX' ridership will reflect a greater increase for the new fiscal year.

LYNX has experienced a significant increase in advertising revenue for the month of January 2013 and year-to-date is higher than anticipated. Actual revenues through January 2013 for advertising on buses, shelters, and in-kind (trade) transactions are \$786,596, \$1,022, and \$0-, respectively. Direct Media's staff continue to enhance LYNX' advertising program and to increase the advertising revenue stream. Direct Media's sales staff is actively seeking new clients and working with existing clients to offer an attractive and affordable advertising program.

In an attempt to stabilize fuel cost in the future, LYNX' staff entered into a fuel hedging arrangement with Merrill Lynch Commodities, Incorporated. During the month of January 2013, LYNX locked in eighty-nine percent (89%) of the total monthly purchases, resulting in cap (LYNX locked) prices lower than the future (float) prices. At this time, LYNX is 3% below the budget year-to-date, primarily due to fuel hedging gains in the amount of \$147,715 and less than

anticipated fuel consumption. In the month of January, LYNX paid an average price of \$3.16 (net) per gallon for diesel fuel and \$3.18 (net) per gallon for bio-diesel, less fuel hedging gains which is lower than the budgeted price of \$3.17 (net). The national diesel fuel price for the month of January 2013 was \$3.58 (net), which is an indication of potential increases in the price of fuel for LYNX throughout the year. LYNX is currently \$130,713 under the budget for the fiscal year.

LYNX' staff proactively seeks ways to maximize operational efficiencies and improve services. As a result, fixed route operating expenses for salaries, wages, and fringe benefits are under budget due to various vacancies, and less vacation, sick, and holiday pay than anticipated as of January 31, 2013. In addition, expenses related to security, contact maintenance services, leases, and other miscellaneous expenses are less than budgeted.

Professional services related to various planning projects and other training grant programs are also less than anticipated. Casualty and liability insurance expenses are under budget due to the timing of the settlement of several outstanding claims anticipated for the year.

**Paratransit Operations:**

The operating profit from Paratransit operations is related to higher than anticipated customer fares and contract revenue as of January 2013. Although the unleaded fuel consumption for the month is higher than the budgeted as of January 2013 due to the increase in revenue hours, the fuel cost is less than anticipated due to the fuel hedging gains in the amount of \$58,143 earned year-to-date. LYNX locked in fifty-nine percent (59%) of the total monthly purchases, resulting in cap (LYNX locked) prices lower than the future (float) prices. The fuel is budgeted at a net price of \$3.09 (net) per gallon in the FY2013 budget. LYNX is currently paying \$2.75 (net) per gallon. The national unleaded fuel price for the month of January 2013 was \$3.07 (net). This is an indication of an anticipated increase in the price of fuel for LYNX throughout the year. Also, the year-to-date purchased transportation costs are higher than the amounts budgeted due to higher trip costs. An analysis follows:

ACCESS LYNX			
FY2013	Trips (Year-to-Date)	Blended Trip Rate	Costs
<b>Actual (with est.)</b>	<b>229,300</b>	<b>\$27.92</b>	<b>\$6,401,908</b>

**Item Name:** LYNX American Recovery and Reinvestment Act Project Status Report

**Date:** 4/11/2013

---

LYNX received over \$29.6 million in a 2009 American Recovery and Reinvestment Act (ARRA) Grant. The majority of the 19 projects approved in this grant are substantially completed. As of February 28, 2013, LYNX has encumbered \$26 million or 88 percent of the total funds awarded. Of this amount, a total of \$24.8 million was spent and received.

Many of the original ARRA projects have been completed under budget. This has afforded LYNX the opportunity to use these savings on other related projects. We will continue working with the Federal Transit Administration (FTA) to allow us to use the project savings for other ARRA related projects to ensure maximum use of the funds before the end of FY 2013.

The FTA and ARRA Project Management Oversight Consultant (PMOC) most recently met with LYNX staff on March 20, 2013 to review ARRA projects status. All ARRA projects must be completed and closed out before the end of the federal fiscal year September 2013. In July 2012, LYNX requested FTA to extend the deadline by 12 months to complete the purchase of fare collection equipment and we are still awaiting FTA's decision on this request.

LYNX submitted the quarterly 1512 report on April 10, 2013 and the Milestone Progress Report and Federal Financial Report are due April 30, 2013 for the quarter ending March 30, 2013. The next 1512 quarterly report is due July 10, 2013.

Bus Stop Accessibility Study:

LYNX and the project team from Data Transfer Solutions started work on the Bus Stop Accessibility Study and Database Design project. The first project meeting was held in December, where the team discussed the project mile stones and clarified some specifics for LYNX' environment that will play key role for completing the project successfully and on time.

At the beginning, DTS will run a mobile data collection unit along route 103 in order to evaluate the quality of the collected data in regard of LYNX' requirements for stop accessibility information. LYNX' project management will contact the Washington DC, transit agency, WMATA and discuss their agency approach about integration between the GIS stop information and Trapeze's scheduling system. The input from WAMATA will be used for defining the steps for LYNX stop database design and the integration process between the stop GIS database, Trapeze's Maltese database and Fleet Focus database. LYNX' GIS staff attended the local VEUWorks user conference by invitation from DTS and as part of the preparatory work for the Bus Stop Accessibility Study and Database Design project.

December 2012 Service Changes:

The stops and route information for December bid was exported from Trapeze to the GIS databases. GIS staff is working on updating LYNX' geodatabases with the information from the December bid and the APC ridership information for the period May 2012 – December 2012.

## **COMPREHENSIVE OPERATIONAL ANALYSIS (COA)**

Staff is reviewing and preparing comments on Data analysis prepared by the project consultant. Staff is also preparing for public workshops to gather public input on the study.

The COA will entail a detailed analysis of current LYNX operating conditions to identify heavily-used and under-used routes, in order to provide recommendations for service efficiencies as well as determining future transit needs based on current demand.

## **SERVICE PLANNING**

Service Planning delivered final base-level miles, hours, peak buses and operators for FY 2014 to Finance. Staff also updated the additional service requirements to include 30-minute weekday peak on Link 111.

Service Planning met with HDR to get a comprehensive review of the SunRail bus feeder network. Documentation currently available to LYNX is limited to a PowerPoint presentation and associated spreadsheet data. The focus of the meeting included getting a historical perspective of how the bus feeder plan has evolved, station layouts, bus access/egress points, etc., so that LYNX staff can begin plugging the schedules into Trapeze and analyzing for specific cost and connectivity impacts.

Service Planning is developing a new set of interline combinations that will improve connectivity, balance recovery time and improve running times on some of the system's worst on-time performing routes. This approach also eliminates the circuitous routing at LCS due to the paring of east side routes with west side routes. This is being conducted in a cost-neutral environment with the assumption of no major route restructuring for August 2013.

Service Planning is brainstorming on how to better target our resources to meet ridership demand. This is being undertaken concurrently with the development of the Comprehensive Operational Analysis (COA).

## **STRATEGIC PLANNING**

### US 192 Alternatives Analysis

Planning staff are preparing for the community open houses where public input on the study will be solicited. As part of this effort, fliers will be placed at SuperStops and bus shelters to raise awareness of the open houses. Strategic Planning is also coordinating with Communications on the press release, social media and website outreach. Staff is developing a presentation on the project for the Special Projects Meeting scheduled for April 9<sup>th</sup>. Staff is providing the project consultant with NTP for O&M Cost Estimation Model and financial statements for 2009-2011.

## LYNX Board Agenda

### SR 50 Alternatives Analysis

Staff is in the process of determining primary and secondary representatives for the project team. Staff is also developing a schedule for the upcoming Stakeholder interviews.

### Strategic Plans Development

Strategic Planning continues moving forward on development of the strategic plans for the agency. This included scheduling and conducting department work sessions which will be followed by Director meetings. Staff is also working on scheduling an Executive work session.

**American Red Cross Bus Unveiling**

LYNX participated in the local American Red Cross Month Kick-off. The event took place on March 1, 2013 and included an unveiling of an American Red Cross themed wrapped LYNX bus. Edward Johnson spoke on behalf of LYNX. Approximately 35 guests attended the kick-off event.

**Kids Academy Transportation Month**

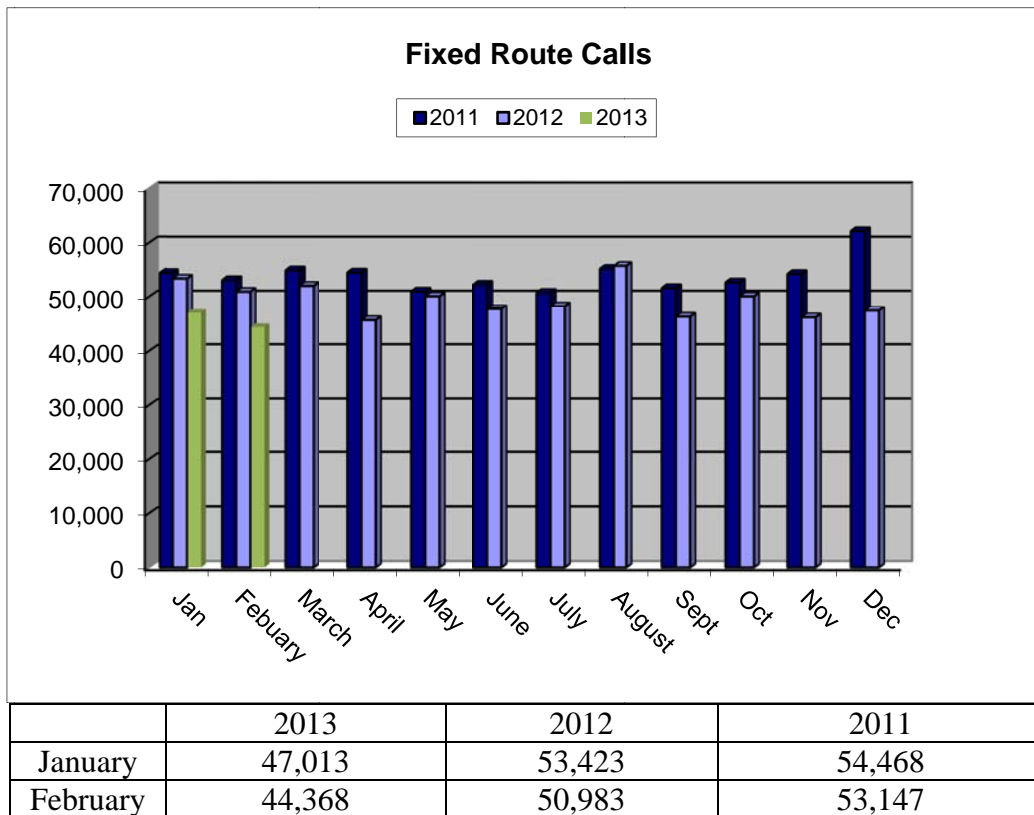

The LYNX Marketing Communications department along with the Road Rangers participated in the Transportation Month event at Kids Academy in Kissimmee. The event took place on February 19, 2013. Approximately 30 kids learned how Road Rangers help people on the highways as well as the basics of how to ride a LYNX bus.

**Tourism Orlando Leadership**

LYNX hosted Tourism Orlando Transportation Day on February 15, 2013 as part of the International Drive Resort Area Chamber of Commerce Tourism Orlando Leadership Program. More than 30 attendees were present to hear Mr. John Lewis talk about the variety of LYNX current and future projects.

**Monthly Report G: Government Relations Report**

**To:** LYNX Board of Directors

**From:** James McLawhorn  
CHIEF GOVT AFFAIRS OFFICER  
James McLawhorn  
(Technical Contact)

**Phone:** 407.841.2279 ext: 6064

**Item Name:** Government Relations Report

**Date:** 4/11/2013

---

**The Fiscal Situation:**

Looking forward, there does not appear to be an easy or quick resolution to the funding crisis. The Budget Control Act mandates **annual** sequesters over the next ten years in order to achieve a total of \$1.2 trillion in government-wide cuts. Also, the House and Senate must each pass a FY'14 Budget Resolution by **April 15** or face a loss in pay.

In addition, the debt ceiling crisis, which was averted in January when Republicans agreed to support a three-month increase in the debt ceiling, will need to be addressed again starting in mid-May.

Last week, the House and Senate Budget Committees went through the process of marking-up – debating and amending – budget resolutions for FY 2014. The House Budget Committee adopted its resolution, passing it on a 22 to 17 party line vote. The Senate Budget Committee also adopted its resolution by a vote of 12 to 10 and will prepare to bring it to the full Senate once action on the CR is completed.

The House and Senate resolutions both make assumptions about revenues and outlays over a ten-year window. The resolutions offer very different proposals, with the House proposal – offered by House Budget Committee Chairman Paul Ryan (R-WI) – mirroring the Chairman's stated commitment to balancing the federal budget, and doing so only with spending cuts to federal programs. On the other side of the Capitol, Senate Budget Committee Chairman Patty Murray's (D-WA) proposal works to reduce federal debt and deficit over a longer-term, outside the ten-year window the resolution projects, and does so with a mix of new revenues and spending cuts. Upon the expiration of MAP-21 at the end of FY 2014, the Highway Trust Fund (HTF) balance crashes, when revenues fail to keep pace with federal obligations. The draft House Budget suggests that any new transportation authorization bill will be constrained by Highway Trust Fund receipts – the motor fuels excise taxes and related measures – or that any General Fund transfers required to supplement the falling revenues would need to be offset by cuts elsewhere, and not treated as intra-governmental transfers. The resolution also provides no direction on gas taxes or alternative revenue sources for the Highway Trust Fund and Mass Transit Account.

However, Chairman Ryan has said he will leave the funding specifics up to the Ways and Means Committee. Additionally, the House Budget also recommends eliminating funding for high-speed and intercity passenger rail.

By contrast, the draft Senate Budget assumes continued General Fund investment in transportation and infrastructure projects, with a \$50 billion infusion for capital investments in highways and transit, as part of a larger \$100 billion infrastructure package. The Senate Budget proposes tax-loophole closures and larger tax reform, in order to pay for these investments. The draft Senate budget also contains a provision known as a "reserve fund" that allows committees such as Senate Finance and House Ways and Means to work with the authorizing committees to raise taxes and fees to improve resources available for infrastructure investment. Action by both House and Senate committees keeps Congress on schedule to produce a concurrent budget resolution by the April 15 statutory deadline.

## The Sequester

Since the Budget Control Act mandates **annual** sequesters over the next ten years leaders from both parties said they would work to avoid the type of cuts from discretionary programs said went too far in not considering the value of specific programs. However, the House and Senate could not agree on an alternative way to reduce the debt. Democrats objected to any plan that did not include tax increases, and Republicans objected to any plan that raised revenues. In the end, the sequester did go into effect.

Since Congress was not able to pass any of the individual federal agency FY'13 appropriations bills last fall prior to the November 2012 elections, they opted to pass another temporary **Continuing Resolution (CR)** to "kick the can" and fund federal programs at their FY'12 levels for six more months through **March 27**.

However, the national sequester started on March 1 and programs covered within the Continuing Resolution have been reduced by \$85 billion. So now, Congress has to get to work to fund the rest of the fiscal year.

On March 6, the House passed a bill that included an across the board cut of 0.1 percent on all federal programs (including the Department of Transportation (DOT) and it restricted spending on MAP-21 authorized programs to FY 2012 funding levels. The restriction on MAP-21 authorized levels amounted to a cut of \$117.4 million to Federal Transit Administration (FTA) Formula and Bus Grant programs, while the rescission also added a cut of \$8.3 million, for a total cut of \$125.7 million to MAP-21 authorized FTA formula programs.

Programs affected by the March 1 sequester included those funded out of the General Funds, such as the MAP-21 General Fund transfers to the Highway Trust Fund, as well as New Starts, Federal Transit Administration (FTA) operations, FTA Research, and even the recently enacted emergency relief funding for Hurricane Sandy recovery.

The U.S. Senate Appropriations Committee released its amendment to the recently passed House Continuing Resolution (CR) for Fiscal Year (FY). The Senate bill includes five complete FY 2013 Appropriations bills, and provides appropriations under the CR format for all others, including the bill for Transportation, Housing and Urban Development and Related Agencies (THUD). The Senate version attempts to ease some of the pain by providing flexibility for agencies to protect critical programs from the most severe cuts and modifies the THUD bill and fully funds MAP-21 FTA Formula and Bus programs at \$8.478 billion.

Unfortunately, the House CR does **not** fund highway and transit programs (those funded through the Trust Fund) at the higher levels authorized in MAP-21. The House CR funding level is actually \$742M below the FY'13 MAP-21 authorized level for these programs.

Within the funds available to the FTA, the bill provides \$4 million to fund the new transit safety program established under MAP-21. It also makes technical corrections to the appropriations language for transit research and the New Starts program in order to conform to program changes made by MAP-21.

As a result of the changes made in the Senate, the bill will require further/new action by the House before it can be sent to the President for his signature. The current CR expires on March 27<sup>th</sup>. Congress will have to complete consideration before that date in order to prevent a shutdown of the federal government.

The Senate leadership is hoping that the House will accept the Senate version rather than go to conference since the bill's overall totals are nearly the same.

**Homeland Security** – Among the complete bills in the CR is the FY 2013 Appropriations for the Department of Homeland Security and Related Agencies. The DHS Appropriations bill includes funding for the Federal Emergency Management Agency (FEMA), the Transportation Security Administration (TSA) and the State and Local Grant Programs under which the Urban Area Security Initiative (UASI) and the Transit Security Grant Program (TSGP).

### **The President's Infrastructure Plan:**

In February, President Obama announced his plans for infrastructure investments. His plan calls for partnerships with State and local governments. The transportation industry has long pushed for additional infrastructure investments as a way to create jobs and improve the nation's aging roads, bridges and public transit systems. The President proposed similar programs in the last Congress but they were not enacted by the House. I believe that this Congress will also fail to enact this infrastructure program, but wanted you to be aware of it in case it does start moving with new opportunities.

"The President's Plan to Make America a Magnet for Jobs by Investing in Infrastructure" includes:

Investing in a "fix-it-first" policy: The President's plan will immediately invest \$50 billion in our nation's transportation infrastructure, with \$40 billion targeted to the most urgent upgrades and focused on fixing our highways, bridges, transit systems, and airports most in need of repair.

- Attracting private investment through a “Rebuild America Partnership”: The President’s plan will partner federal, state, and local governments with businesses and private capital to provide America with the best transportation, electric, water, and communications networks in the world.
- Cutting red tape: The President’s plan will cut timelines in half for infrastructure projects and create incentives for better outcomes for communities and the environment through a historic modernization of agency permitting and review regulations, procedures, and policies.
- Create a National Infrastructure Bank: The President continues to call for the creation of a bipartisan National Infrastructure Bank. The Bank will have the ability to leverage private and public capital to support infrastructure projects of national and regional significance. In addition, the Bank will be able to invest through loans and loan guarantees in a broad range of infrastructure projects, including transportation, energy, and water, and will operate as an independent, wholly owned government entity outside of political influence.
- Enact America Fast Forward Bonds: Recovery Act funding for “Build America Bonds” (BABs) helped to support more than \$181 billion for new public infrastructure. The program’s innovative design ensured that all taxpayers—and not just the wealthiest—received the best bang-for-the-buck when the federal government helped states, localities, and their private sector partners invest in new infrastructure. The President’s new America Fast Forward (AFF) bonds program would build upon the successful example of the BABs program, broadening it to include similar programs like the qualified private activity bonds program and relaxing certain limitations in the way the combined program could be used. AFF bonds would attract new sources of capital for infrastructure investment—including from public pension funds and foreign investors that do not receive a tax benefit from traditional tax-exempt debt.
- Implement the newly expanded TIFIA program: The TIFIA program—which provides direct loans, loan guarantees, and lines of credit to regionally or nationally significant transportation projects—received an eight-fold increase in funding in the recent surface transportation reauthorization. The program, which is especially important to mayors and local leaders, highlights the important role that infrastructure financing can play in catalyzing private investment, and its expansion was a significant step towards more innovative infrastructure financing.

## **State of Florida**

The end of the second week of the 2013 regular legislative saw the resignation of Florida's Lt. Governor, Jennifer Carroll.

Lt. Governor Carroll's former PR company was affiliated with an illegal internet café enterprise under federal and state investigation for fraud. Governor Scott has indicated he will wait until after the legislative session before turning his attention to selecting a new Lt. Governor.

Legislation aimed at limiting red light cameras passed a House Committee this week on a 12-4 vote. Under the proposal, sponsored by State Rep. Frank Artiles (R-Miami), the law would eliminate the ability to enforce improper right on red turns, add a formula for the minimum amount of time yellow lights would have to display, and make changes in the appeal process such as requiring authentication of evidence in court. A Senate companion has not yet been scheduled for a hearing.

HB 13 by State Rep. Doug Holder (R-Venice), banning "texting while driving" unanimously passed a House Committee this week. The current proposal provides for a first offense of \$30, and would be considered a "secondary" offense, meaning the police officer would have to pull the driver over for another moving violation before issuing a citation for texting.

The House Transportation Committee this week also passed the FDOT legislative package. Unlike the Senate bill, the House package only establishes the parameters for local governments to create regional tollway authorities. House staff remains opposed to the recommendation to eliminate mid-bay bridge and create a new entity within Okaloosa, Walton and Bay counties. The House bill also contains a provision to allow the OOCEA to enter in 99 year leases. The House bill, sponsored by State Rep. Frank Artiles (R-Miami), is a proposed committee bill. The Senate companion, SB 1132 by State Senator Jeff Brandes (R-St. Pete) will be heard on March 20th in the Senate Community Affairs Committee.

Legislation to expand the Orlando Orange County Expressway Authority into Lake, Seminole, and Osceola counties has not yet been scheduled for agenda. HB 945 by State Rep. Bryan Nelson and SB 952 by State Senator David Simmons has not yet been scheduled for an agenda hearing during week three.

Other issues of interest:

**Budget:** Budget leaders in the House and Senate have indicated the committee budget allocations will be available next week. On Friday, the states economists estimated surplus of more than \$3.5 billion. Issues of interest include the increase of 11% in the FDOT proposed budget for 2013-14 and a \$2500 state employee pay raise.

**Florida Retirement System:** Bills moving through the House and Senate would overall the current Florida Retirement System for State Employees. In the Senate, SB 1392 by State Senator Wilton Simpson (R-New Port Richey) would change the default option for new employees into a defined contribution plan. The vesting period would increase from the current eight (8) years to ten (10) years, and employees would continue to contribute three (3) percent of their incomes toward the FRS. Employees who chose the new defined contribution 401 (k)-style plan would be required to pay two (2) percent. In contrast, the House plan, HB 7011 sponsored by State Rep.

Jason Brodeur (R-Sanford), would move all new employees into the defined contribution system. The House bill may be on the House floor for action next week.

Summary of Florida Legislative items from this week:

- **HB13/SB 52 (Use of Wireless Communications Devices While Driving):** These bills continue to work through the Committee process. FPTA supports these bills.
  - **SB 560/HB 579 (Natural Gas Motor Fuel):** These bills continue to work through the Committee process, vehicles used by local and state governments will be allowed to use retailers that are exempted from paying additional fuel taxes.
  - **HB 319/SB 972 (Community Transportation Projects):** HB 319 passed a committee this week, many of the transit-specific provisions were removed. The SB is on the Community Affairs agenda for Wednesday.
  - **SB 1132 (FDOT Legislative Package):** I spoke with FDOT recently about the amendment to allow a minimum of \$15 million for space transportation to be taken out of public transportation programs. We have written confirmation that FDOT intends to add the additional dollars into this line item, and it will not affect the Public Transit Block Grant or the TD Trust Fund. It was further discussed that language in this bill alters that ability of a transportation authority to automatically be provided voting membership on the MPO. This may affect any future transportation authorities.
- Other bills that affect transit:
- **SB 1480/HB 1289 (Interlocal Agreements):** These bills put the term “public transit provider” into the definition of a public agency as it relates to interlocal agreements. This is an optional arrangement and is seen as a positive measure for transit.
  - **SB 1668/HB 1141 (Screening of Direct Service Transit Providers):** This bill would require drivers, supervisory staff, volunteers and others to complete an extensive Level II background screening and gives providers guidelines on who can and can’t be hired as a result of the screening . Further, current drivers must all be screened by October 2013. Some systems likely already do this, but some may not. This might have financial impact on some of our transit programs. Also, I’ve been informed that some of this language is potentially in violation of Federal Hiring Guidelines.
  - **SB 158/HB 75 (Loading/Unloading of Passengers):** The bill has not been heard in committee yet, we are hearing that this is not a priority for Senator Hays, but will continue to work with his office on potential language, if needed.
